Ravi had a huge cake with chocolate cream! He licked his lips and said,

I will eat this all alone, it's so tasty and big, I will not share, I don't care!

His friend, Monu came in and saw the cake,

No, no,
I will finish it all, I
will not share, I
don't care!

Mmm

That looks so tasty!
Could I please have a
slice?

So, Ravi sat and ate the whole cake. Every dreamy chocolate crumb, and with every bite, he said,

Yumm!

Then suddenly, Ravi began to feel sick. He cried,

I think it's because of all the cake I've had! I wish I wasn't so greedy, I should have shared the cake, Oh, I have such a bad tummy ache!

Share your toys, share your food, and you will feel very good! Sharing is the correct thing to do. Sharing is always better for you!
