

POLE STORAGE BAG

PROTECT YOUR POLES AND TOOL HEADS

Versatile Carrying Bag for Jameson Poles & Tree Trimming Tools

Keep your poles clean, dry, and protected from damage. IEEE 516-2009 paragraph 5.7.1 states that insulated tools should be stored where they will remain dry and clean and will not be subjected to abuse and excessive ultra-violet light. Clean and dry your poles before storage.

- Vinyl-coated nylon material is waterproof and durable
- Four individual pole pockets prevent poles from contacting each other
- Outer pocket stores saw heads and pruners
- Flap closures are secured by button snaps
- Convenient carry handles
- 1-year warranty
