

## OTTAWA'S BY WARD MARKET

### INSIDE STORIES OF HERITAGE CONSERVATION

A walk with Barry Padolsky, architect and heritage consultant

The walk will explore the history, delights, and current challenges to Ottawa's well-loved By Ward Market. It will pose questions about the prospects for recovery from the devastating William St fire of April 12, 2019, the City of Ottawa's By Ward Market rejuvenation strategy, the decline of the outdoor Farmer's Market, the future of the York street plaza, and the impact of the new LRT Rideau Station opening soon.
