## **SEQUELS:**

**300:** RISE OF AN EMPIRE

**SOLUTION: HERETIC** 

- <u>Step 1</u>: Identify the memes that the images represent. As an aid, the meme names are presented in alphabetical order before the images.
- <u>Step 2</u>: Solve the clues in the captions, filling the answers in the spaces below. Each caption is of the form "This is X" where X is a clue for one of the memes with a single letter changed. In some cases, the spacing and/or punctuation is changed as well. Each meme is used once, except "THIS IS SPARTAAAAA!", which is directly named by one of the captions. See the page after next for the clue answers.
- <u>Step 3</u>: Arrange the memes in a chain, where each image is followed by the one clued by its caption. This chain starts with the "THIS IS SPARTAAAAA!" image and ends with the image captioned "THIS IS SPARTAAAAA!". The answers on the page after next are in chain order.
- <u>Step 4</u>: Read the new letters in chain order. For instance, the first caption in the chain clues "AOL Cats", a one-letter change of "LOLcats", so use the A. These letters spell ANAGRAM OF TECHIER MEANING DISSENTER.
- <u>Step 5</u>: Find an anagram of the word "techier" that means "dissenter". This is the final answer, **HERETIC**.
