Voter Record Reconciliation: OpaVote reports 86 email voter records. TMSL had 84 eligible individual voters. The difference resulted from incorrect/duplicate email-address records associated with one eligible voter. After a correct voting link was issued, the duplicate record was disabled to prevent the possibility of more than one ballot being cast by that voter. Accordingly, the 86 OpaVote email records represent 84 eligible individual voters.

*Unique Opens is an email-tracking statistic and may understate actual opens because some email systems or privacy settings block open tracking. **The disabled record was the duplicate/incorrect email record described above; it was not an additional eligible voter.

We, the undersigned independent Election Auditors, certify that following the close of voting we independently reviewed the election records and final results produced by OpaVote for the Tuesday Morning Softball League 2026 Board of Directors Election, conducted September 23 through September 30, 2026.

We reviewed the available election participation and system data, including eligible individual voters, OpaVote email voter records, email delivery information, participation statistics, ballots cast, voter turnout, the voter-record reconciliation disclosed in this packet, and the final vote totals reported for all eight candidates. We also reviewed the supporting records identified on the Auditor Review Checklist.

We certify that the figures and candidate results recorded in this packet accurately reflect the final election information made available through OpaVote at the time of our review, together with the documented reconciliation of OpaVote email records to TMSL's 84 eligible individual voters. Based upon our independent review, we identified no discrepancy affecting the reported election results, except as specifically noted in this packet.

We further certify that the five candidates identified on Page 1 as elected are the candidates entitled to fill the five available Board of Directors seats under the applicable election procedure.
