Old Blue 7s Finishes Top in the Northeast and Qualifies for Nationals

1st	Old Blue 1	61 points
2nd	Mystic 1	57 points
3rd	White Plains	56 points
4th	Mystic 2	43 points
5th	NYAC	40 points
6th	Old Blue 2	32 points
7th	Saratoga	30 points
8th	Long Island	28 points

Note: We did not compete at Wilmington 7s due to tournament organizers barring OB from competing in the premier division cup knockouts since it was a regional tournament. We will compete with MAC teams at the crossover tournament on July 22nd (NAV, Schuylkill River, Beltway Elite).

Weekend write up here: *Five champions crowned as 2023 USA Club XVs season comes to a close in St. Charles | Latest Rugby News)*

by Matthew O'Rourke

The first score of the game came shortly after a low kicked goal line drop from Austin was returned immediately by Old Blue. A penalty from Austin resulted in a lineout for Old Blue nearing the try zone which ultimately led to the first points of the game courtesy of loosehead prop Dejon Taylor with the conversion added by Julian Caceres around the 3-minute mark. Around the 11-minute mark, Austin elected to kick for three points following an Old Blue penalty. Connor Dellapina hit his first of four 3-point kicks on the day to cut the deficit to 7-3. Nearing the 19-minute mark and with advantage, Austin's Sam Johnson pushed into the try zone covered with Old Blue defenders for the Blacks' first try of the match and the 10-7 lead (after the conversion) that would not be relinquished through the remainder of the contest. Two more penalty kicks and a Gabriel Farley try + conversion before the half led to a 23-7 lead for Austin after 40-minutes of play. After a missed penalty kick by Austin around the 43-minute mark, the ensuing 22-meter drop kick by Old Blue was fielded by Amir Lancaster who returned

it himself to the try zone to put the Blacks up by three scores. A penalty conceded by Austin nearing their own try zone gave possession back to Old Blue. A hard run to the try zone by Kyle Granby cut into the lead, now 30-14 Austin at the 50th minute. However, the score would be the final of the day for New York as Dellapina hit his fourth penalty kick of the game around the 62-minute mark. Finisher Black Rowerdink ran in the final try of the match and championships in the 79th minute of play to put the finishing touches on Austin's run to the 2023 men's D1 national championship. Dellapina tallied eighteen points in the match to lead all scorers. Amir Lancaster was named tournament MVP for Austin.

Some of the Old Boys weigh in on the Weekend and prior Playoffs:

Rich Coppo:
1. This was our 5th USARFU Men's Club D-I Championship Final.
2. It was our 9th USARFU Men's Club D-I Final Four.
3. With this performance, we have now reached 16 National Final Fours in all. (This includes 5 Super League Final Fours and the OB B Side 2013 USARFU D-III Finals appearance, and the OB B side 2014 USARFU D-III Championship - which was the OB's FIRST XVs National Champions team,) *Please note, 'National' titles excludes our 3 ARP titles, which are not victories over ALL Premiership regions in the USA, ie the 'nation' (eg, the West Coast ARP winners did not compete with the rest of the ARP regions, in contrast to the Mid-West ARP Champions, whom OB defeated for their 2018 Elite Cup title.
4. The boys made it the OB's 9th XVs Finals: (5 D-I, 2 Super League, 2 D-III).
5. The OB 1st XV has won 104 Championships: 55 LAU-Territorial ones, 44 Tournament titles, 3 ARP titles (American Rugby Premierships), 1 Elite Cup (2018), 1 Atlantic Super Regional title (2023). *Please Note: The Atlantic Super Regional is distinct from the 'Territorial titles we won when we competed in the Northeast Rugby Union competitions, (ie, the 'NRU').
6. OB 1st XV qualified for every USARFU Men's Club D-I playoff tourney 22 consecutive years (1979-2000), after which SL clubs (ie, OB) could no longer compete in both SL & D-I play. After the SL dissolved, the OB 1st XV entered USARFU D-I play (in 2016) and made the USARFU D-I Final Four (4th), and with the boys' 2023 finals finish, 24 of 24 USARFU Men's Club D-I appearances overall.

These singular historical performances since the inception for USA Rugby club championship competition for 45 years, nearly a half century of American rugby, has placed the Old Blue RFC at the forefront of American rugby, and with their even more impressive 7s performances, tracking back to our inaugural year in Fall 963 at the NY 7s when OB swept through with 5 victories, all shutouts(!), has made the OBRFC perhaps for most well known and respected club in America and in the major rugby playing nations of the world.

Full Disclosure: the OB A-side has as yet not won the XVs Club title, often runner-up. So close, so often. DO IT BOYS! Next year! RECRUIT, RECRUIT, RECRUIT!

I love you all madly,
Coppo

Ed Haggerty sent me this pic from that battle

left to right Danny Kennedy (15) Adrian Scott, Brad Wilds, Ted Loos (making a tackle, hole in the shorts), Vinnie Brunetti

Danny did indeed go off that day, put himself back on the Eagles. Swords called it "The greatest game I've ever played in"

Good times Thanks for the memories and great to see the Club still at the very top of American Rugby

Cheers- Teddy Loos OB 1993-1997

Old Blue Social Notes – News of Players from the 1970s, 1980s and 1990s

July 18, 2023 Lew Fischbein (Old Blue 1974-1994)

Seen at the Southampton Art Fair this past weekend were exhibitors **Bruce Lurie and Craig Lurie,** who along with their other brother **Scott Lurie**, own the Lurie Gallery, with branches in each of Pacific Palisades, CA, Park City, Utah and Hollywood, Florida (see accompanying Lurie Gallery featured artists and artwork). All three Lurie triplets played for the Club from roughly 1976 to 1982; Bruce was an OB first team regular and starter in the 1981 USARFU national club semifinal win v. Minneapolis and close final loss v. the-then perennial national champions the Old Blues of Berkeley (CA). Bruce will be in New York September 20 -24 for the Affordable Art Fair and hopes to meet up with several players from his era (you may email your writer to hook up with Bruce) … Your writer also had lunch several weeks ago with Old Blue star fullback **Malcolm Kimble**, who played for the Club from roughly 1978 to 1982, when he got hurt and had to retire. Malcolm was the first side fullback during the Club's run to the 1979, 1980 and 1981 USARFU national club semifinals and 1981 final; now some 40 pounds heavier and balding, Malcolm is in private banking at Columbus Circle, is remarried, became a Dad again in his late 50s, and lives in a tony Connecticut suburb…**Larry Bellone**, an Old Blue fixture at inside center for many years, with four USARFU national club final four (1979-1981) and two finals (1981, 1986) appearances, often spends his time at two restaurants he and his partner Will Tracy own on the Upper West Side: Tessa at 349 Amsterdam Avenue and Asset at 329 Columbus Avenue (Asset is Tessa spelled backwards; Tessa is Larry and his wife Sarah's daughter)… Larry reports that legendary OB Hall of Fame flyhalf, former club captain and one of the stars of the Old Blue juggernaut 1997 and 1998 sides **Greg McAllister** and his wife Danielle are frequent visitors to the restaurants -- all others are welcome to stop by -- and that Sarah Smith, Larry's wife, retired as Chief Compliance Officer and Chief Accounting Officer for Goldman Sachs, and spends her time on various corporate boards. Larry and Sarah also have a home in the East Hampton area as do Greg and Danielle. One of the McAllister sons will be a freshman at Columbia this fall. The juggernaut OB 1997 side defeated U.S. Eagle-laden defending national club champion OMBAC 51-45 in the 1997 USARFU national club semifinal on OMBAC's home turf, a match that this writer witnessed and considers Old Blue's greatest victory ever, with all due respect to the OB late 1960s sides that defeated visiting London Irish and London Saracens, and the OB 1978 side that defeated Orrell, then a top-ten English side. That same 1997 juggernaut side lost in the 1997 national club final to the-then future perennial national champions, illegal ringer-laden Aspen RFC of Colorado (which, like the Old Blues of Berkeley, no longer exists other than perhaps as a local side) 31-25 in a match that went down to the last play when noted referee Don Riordan declined to call a penalty try notwithstanding numerous professional fouls by Aspen in the shadow of their goal-line…former early 1980s U.S. Eagle reserve hooker **Tom Rafferty** hit mandatory retirement age as a Cravath, Swaine & Moore partner, and along with his daughter runs a combination chocolate factory and chocolate shop in Hudson, New York…former club captain, OB Hall of Fame scrumhalf, and key player for OB at the 1979-1981 and 1986 USARFU national club championships **Tom Sloan** is living in Whiting,

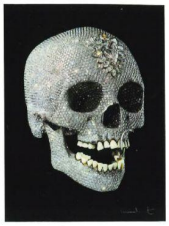

New Jersey**,** in the southern part of Ocean County, where Tom's late parents had resided. Tom is seriously thinking of asking Sue, his woman friend for the past six and one-half years, to marry him… Your writer and family will be getting together with Tom, Sue and current Asbury Park, New Jersey residents **Bruce Denike** and his wife Barbara down at the Jersey Shore in two weeks. Bruce was an Old Blue first side regular for many years and feared tighthead prop (with horse collar around his neck and bald as Kojak) who joined the Club in the early 70s, played regularly into the 1980s and was a long-time OB Foundation treasurer… former early 1990s Club president and OB Foundation Joe Cody Award winner 6'7" **Keith Forman,** who joined Old Blue in 1980, a/k/a "Big Daddy," sits on several corporate boards and lives with his wife Mary in Bethesda, Maryland… Keith recently had dinner in D.C. with long-time OB Club Chair **Brian Murphy (**a/k/a Murph, Psycho**)**, who first began playing with Old Blue in the fall of 1984 upon his graduation from Columbia and has been a big part of Old Blue's success ever since becoming Club Chair over 10 years ago . Murph, his wife Alexandra and their son Tommy live in Arlington, Virginia ….Joining Keith and Murph for dinner was late 1980s OB club captain **Dom DiCicco**, who moved with his wife Donna from Kansas, where they resided for many years, to yet another tony Connecticut suburb last summer…OB Hall of Fame lock/no. 8 and former long-time OB Foundation Chair **Parker Bagley** has moved from Las Vegas to the Scranton, Pennsylvania area, not far from where he grew up and was recruited to play football at Columbia, where he blossomed as a defensive tackle under then-Columbia football coach, the late Bill Campbell, a Club founder, former chair of the Columbia University Board of Trustees, and "the Coach of Silicon Valley" of Apple and Intuit fame…this past Saturday night, multiple former club captain and OB Hall of Fame backrow **Ed Simpson** and his wife Karen hosted a barbecue at their Ridgewood, New Jersey home attended by Ed's 1980s and/or 1990s teammates scrumhalf **Jake Schoff**, OB Hall of Fame lock **Brad Wilds**, OB Hall of Fame backrow **Tom Brewer** and his wife Paige, OB Hall of Fame center **Jim Walier** and his wife Sally Ann, longtime OB flanker **Simon Walsh** and his wife Jane, longtime OB flanker/wing **Aaron Ellison,** longtime OB second row **Eamon Doran,** and legendary OB Hall of Fame lock (and legendary U.S. Eagle) **Kevin Swords** and his wife Pam…legendary OB Hall of Fame flyhalf and U.S. Eagle **Chimere Okezie** is an oral maxillofacial dental surgeon in the Cleveland, Ohio area. "Chim's" wife Sharon is a dentist as well, and they have a lovely nine-year daughter, Chizara…as for **your writer**, after 20 years of practicing law on his own, he joined Jacobs P.C, a boutique midtown law firm a year ago and became a partner this past May. Jacobs P.C. is located at 57th Street and Madison Avenue, specializes in business litigation, real estate, bankruptcy, corporate and employment law, and has grown from two to eight attorneys since your writer joined, whose email is now lewis@jacobspc.com. Baby son Adam is now two years five months old and enjoying camp this summer (your writer, who became a father again at the age of 70, notes that he has been compared to Al Pacino and Robert De Niro, but for some reason rarely to the late Hugh Hefner). Adam's older sister Ali, a Franklin & Marshall grad, is a recruiter for MacQuarie Bank in New York and produces comedy shows on the side, while Adam's other older sister Nicole, a Columbia grad, works for Abbott Laboratories in Palo Alto, California. Rock star wife Koma Bintu Gandy Fischbein (She hates it when your writer introduces her with "I only went to Columbia, Koma went to Harvard") starts a new vice

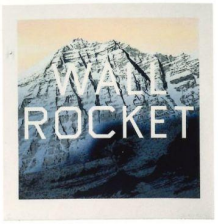

president position August 1 at Skillsoft, a public company, which acquired Koma's current company, Code Academy, in January 2022.

In Memoriam: Art Sprinkle

Courtesy of Rich Coppo:

Once again, I am saddened and regret to belatedly report that we have lost another member of the Old Blue family, first generation OB Artie Sprinkle on May 25th, 2023, as reported in the *Seattle Times*. He was my friend and teammate, a kind of big brother to me. I had the privilege to play rugby for OB with him and to join him drinking beers into oblivion at his bachelor party at the old Gold Rail Bar on Broadway between 110th and 111th Streets. One fond memory of many: I drove a taxi in the early 70s and wore a tan newsboy's cap. Artie sometimes called me 'Dondi' - a nickname he thought humorous - after a long-running comic strip WW II orphan of Italian descent. Our inside joke, and no other OB called me that nickname. The following was Artie's profile when he was inducted into the Old Blue Rugby Foundation Hall of Fame in 2009:

Artie was the OB nonpareil #8 (1968-71). Exquisite athlete, indefatigable, aggressive, exceptional quickness. All over the field. Lethal threat to the opposition with ball in hand, in any phase of the game, and from any place on the pitch. Relentless defensive pressure on the ball. Also played flanker and flyhalf. Possessd of an International's talent, fitness and pace. Made the stunning breakaway that created the Met Union try in the historic 12-11 win over Fiji (11/24/70). Was the ERU #8 vs New Zealand (10/21/72). With OB, ERU Champions Spring'68; Undefeated Fall'68, Fall'69; Tournament Champions: Cherry Blossom ('68,'71), Commonwealth Cup ('68-69), Phyrst Cup ('69), OB Schaefer Cup ('70); 4-0 Caribbean Tour (Dec'68); defeated Llandaff (Wales, '68), Saracens (UK, '69), London Irish ('70). He was an exceptional athlete: a Columbia basketball (Guard,'63-67; All-Ivy Defense 2nd team) Beat Bill Bradley & his Princeton famed NCAA squad. Columbia College BA'67. Columbia Physicians & Surgeons MD '71. While doing an Internship & Residency at Boston City Hospital ('71-73), played for Beacon Hill RFC'72-73. Artie was as great a credit to the OBRFC off the pitch as he was on it: Fellowship Allergy/Immunology University of Washington (WA) '73-75. Board Certified in Internal Medicine & Allergy/Immunology. Currently a Medical Director at McKesson Health Solutions. US Army, Major (Ret). Elected to 3 terms in Washington State Legislature ('86-92), he retains a strong interest in improving the healthcare delivery system in the US. On President Obama's health policy team. He was a kind man and I miss him dearly. While honored to be a select side choice vs vaunted All Blacks & Fijian National team, Artie proudly stated, **"My biggest honor was to be permitted to be on the field with OB."**

Arthur Collin Sprenkle

November 8, 1945 - May 25, 2023

Arthur Collin Sprenkle, age 77, of Seattle, Washington passed away on Thursday, May 25, 2023

Artie's family obituary, *In Memoriam*:
Grief is love.
And we feel the depths of both grief and love as we mourn the death of our husband and father, Art Sprenkle.
On paper - Art was raised in rural Pennsylvania and a basketball scholarship took him to Columbia University. He continued his studies at Columbia Medical School while competing for the Old Blue Rugby team. He spent summers camping, hiking and fishing leading to his discovery of the Pacific Northwest and his decision to complete his fellowship in Seattle. As an allergist, he practiced in Seattle and Everett. He served three terms as a state legislator in Olympia sponsoring the legislation creating the WA Health Care Authority and the Waste Not Washington Act, establishing a national model for waste management and recycling. He continued his work in health care as a medical director and medical consultant until very recently.

But his life, not on paper, was the Art we all loved.
He was smart and kind. He never lost his curiosity or his eagerness to learn. He ate with gusto, danced with enthusiasm and sang with Moby and Gordon Lightfoot. He had strong opinions and never shied from a debate. He was an animal lover, a tomato whisperer, and the guy who most always took the path less traveled.

Art lived every single day. He had passion. And every task he undertook demonstrated this mighty appetite for life.

Art believed a single person could make a difference. He believed in the world, and he just wanted to make it a little bit better.

And he did.

His memories live on in the hearts of his wife, Marianne Lile, his kids, Preston Sprenkle and Linda Fan, Kirsten and Jason Gudmundson and Collin Sprenkle and his four grandsons, Niklas, Bobby, Wyatt and Gabriel. His four siblings and his many nieces and nephews will carry on the tradition of bad Sprenkle jokes and comparing tomato crops.

His family has never lived in a world without Art and for us, it feels less full. We will miss his wit, his determination, his gentleness and his hugs.

Thank you to all who have supported us over the last two years.
And to the entire team at Fred Hutch - the valets who opened my door, the nurses who listened to all our stories, the medical assistants, the front desk folks, and the doctors who matched Art's willingness to try - a heartfelt thank you.

In Memoriam: Bob Cook

Courtesy of Rich Coppo:

It is with regret and sadness that we report belatedly still another of the Old Blue family, with the passing of Bob Cook, Columbia College, 1968.

He played rugby for the CCRFC in the late 60s and for the Old Blue RFC as a center for the B and C sides in the 70s.

Bob Cook (with collar up, in center of photo), OB C 17-9 Manhattan C, Met Union Champions, May 05, 1975, Randall's Island, NY, NY.

Robert Collyer Cook Obituary

Bob Cook, a man of many talents, a gentle spirit, and a leader in the Wimberley Valley art community, left this earth, unexpectedly on February 10th, 2023. We mourn his loss.

Born and raised in New York City, he graduated Columbia University. He served as First Lieutenant in the U.S. Army and graduated with an MBA from Harvard University. He had a very successful career and lived in several cities around the United States. During his life, he travelled extensively throughout the U.S. and abroad.

Bob, a talented photographer, and painter was one of the original artists at Bent Tree Gallery and the visionary and one of the founding partners at Art on 12. He served as the President of the Wimberley Valley Art League and chaired the annual Wimberley Studio Tour. He was also a member of the River Arts Group in San Antonio and New Braunfels Art League.

Bob was the champion and leader of the 2019 Bold Beauty Project in Wimberley. Bold Beauty Project is a visual arts exhibition that celebrates women with disabilities. Meeting the leaders of the project, whose exhibits had been in Miami, Philadelphia, Panama, Palm Beach and Washington DC, Bob came home to recruit photographers and models to bring the project to Wimberley. It was a rousing success and changed the lives of those involved and the perceptions of the many people who attended the various events. The photographs were on exhibit in the Texas State Capitol building, Austin's City Hall, San Marcos, and Wimberley.

After Hurricane Harvey devastated the community of Rockport in 2017, Bob, rallied the support of the Wimberley Valley art community to raise money for the people of Rockport. A few years ago, he learned that a fellow artist's granddaughter was suffering from Leukemia. Once again, he jumped in to raise money for the little girl's care and support. Bob and his wife Zeina often had art shows in their beautiful Wimberley home, where they hosted visiting artists. Bob loved to share his knowledge of photography with others, while raising money for local non-profit organizations. He taught numerous workshops for the Wimberley Civic Club and other non-profits.

Bob's generosity, philanthropic work, and support of artists in the Wimberley Valley will not be forgotten. He was a leader with a heart of gold. He will forever be an example for others to aspire to emulate. Rest in Peace, Dear Bob. A celebration of Bob's life will take place on Sunday, March 19th, 3:00 at Art on 12 Gallery, 13811 Ranch Road 12, Wimberley.
