Fantastic cut, as usual! Trieu has a fantastic memory, and they know the current styles and can tailor to your needs and appearance. Trieu and his Team will make you feel at home, safe and welcome. They follow all health guidelines and I feel safe in... Vinny and trieu provided great service and I have been a long time customer Awesome barber, very skilled and very personal. Easy to make an appointment. Stylist lighting & take the time to give you the hair style you want. The prices are very reasonable, I got the same size hairstyle from Kathy. KIM did a great job on my hairstyle. She made me look sharp for the upcoming wedding that I'm in John doing a great job. Perfect hairstyle every time! Easy in and out service. Glad I can book the time Trieu is an amazing barber, and he always cuts my hair just the way I want... Vinny, John and the entire staff are very skilled and make you feel welcome. They follow health and safety rules consistently and I never feel worried. I'm a loud r... Outstanding attention to detail. Haircut today made me miss the big after feeling a superb hairstyle. Always take care of big brother; As he calls me, right. Lee Hwy 8627A, Fairfax, 22031 Modern Men's Hairstyle and Beard Trim Report Barbershop Barbershops in Fairfax, Fairfax City, VA Trieu's Barbershop © 2020 Booksy Inc. All rights reserved KE Kevin Zhang For the price, this place is really good! I've been to a lot of hair salons, and this place didn't disappoint. My hair is usually cut by Vinny himself or when he's not there I go to the lady at the end of the shop. They are both very good at what they do. They listen well and Vinny is a really down-to-earth guy. You may feel comfortable telling him how you want your hair cut, or something in general. Hair Style I Get: I usually get a fohawk cut and fade into the sides. Recently I've switched over to a more natural comb over looks and Vinny has been working with me as my hair grows out (just have to let him know and help you!). They also gel the hair too (I usually accept the offer just to see new hair products and if I like them enough I'll switch over. Never hurt to try!). Note * If you go on weekends, you will see a lot of people there so just be aware of it. Even Vinny usually has someone waiting for him during the weekends when I was there. As others have mentioned remember to bring cash it's cash only. They have an ATM there or the laundromat 2 doors down is another option. They are nice people, once a child (returning customer) came in and didn't have enough cash they simply told him to pay next time. It definitely shows a solid relationship between their customers. DA Damaso Rodriguez I had my second haircut here today. Trieu is a nice fellow with excellent customer service. He took the time it took to get my haircut just right with all the little things I wanted. He made sure it was a haircut I'd like. I was so impressed with the hairstyle I got and how he delivered his customer service, being attentive, cordial, and patient that I gave him a \$20 (seat fees \$13 for a regular mens hairstyle) and gave him the rest as a tip. And I don't regret it at all. Will keep coming back. Recommended. ED Ed Skinner Good hair salon, fair prices. Several chairs. Specializes in short mens hair styles and military signature cuts. As most barbers go, I think they can cut the hair as you describe, or show a picture of what you want. Pay with cash only/check, so if you just carry a credit card, bring cash from the ATM from the nearby convenience store. Worth the wait. The line for specific chairs can be daunting. DR Drew Stynchula Great cuts and good service at a very reasonable price. I've been going to Trieu's for about three years, and I can almost always go in and be done within half an hour. I've all at Trieu's cut my hair at least once and they're all great. Their service always comes with a smile, and the free post-cut lollipops are a fantastic touch. JJ Jim day Trieu has been cutting my hair for almost 20 years. He's the best. I live 40 minutes away and happily make the trip once a month to get my haircut. In the event that the Trieu doesn't work, his brother Vinny does just as well out of a job. I've referred over 35 of my friends to Trieu over the years. An anonymous user been on his way to Trieu since the store opened, we had a family restaurant near their store and the experience has always been great. They really go beyond making you feel special. Would highly recommend!!! Even now I drive from sterling to fairfax for a haircut... I know right! CH Chris Falcon Trieu's been my barber since I was a teenager (I'm now in my 30s). When I was away at school, I tried other places but they butchered my hair. Eventually I gave up and would just grow out until the holiday breaks and then go to the Trieu's. The other barbers here are also excellent. TI Timothy Marzaloos Trieu and his staff are Trieu professionals. I would recommend them to anyone. You're always greeted with a warm smile. I always admire before and after the smiles that Trieu gets when the cut is done. We will remain friends until the end, a good guy! DA David DeWan Great place to get a quick haircut, \$15 can't beat it. The owner and his staff are / Asia-Pacific. Trieu and Vinny are the much desired barbers, but most of them are good. I. I. to Kathy, and she does a great job with a high-fade undercut. SC Scott Spencer Best barbershop I've ever been to. I've had my hair cut by 4 or 5 different people here, and they were just as skilled. Never had to wait very long. Not many places still finish with a razor, warm towel, and a bit of a massage. MI Mike Hensley I went in today to get my beard trimmed up, and I was very happy with my experience. The barber was quick, friendly and precise. It all put me back \$6. I'd definitely come back here. KE Keaton Cintorino I always get my haircut from Vinny or Trieu and they always do a good job. But they only use buzzers (clippers, what you call them. Just not scissors). They use thinning halls. CA Caleb Gross Excellent hairstyle. The punk kid came in asking to cut the line for a quick neck shave, the owner said no. I was already in line and felt taken care of. Coming back for all my haircuts. SE Sepehr Ansariour I've been here since I was in elementary school. I'm now a 3rd year college student, and I have to say, when it comes to getting my hair cut – I wouldn't choose anywhere else. ME Melissa Troncoso Just Got my 2 year old sons first hair cut. He did well and the style was perfect. We're going to walk again. I was a little concerned as my son has curly hair.... it was perfect. RO Robert Hutchinson Got my hair cut today and the haircut was okay but they got hair all stuck in my shirt. Even the men were friendly but the person who cut my hair was a bit rude. MU Mujeeb Fazal Well done Kathy. She hooked me up with a nice skin fade. She was very friendly and took her time and you can tell that she enjoys her job. I'll be back. G G Griffin For \$16 you get a good haircut (nice attention to detail), warm lather sideburn/above ear/neck shaving, warm towel, and shoulder message – whatever now! BA Bass Man Good fade but razor burns on the neck, cheeks and temples that lasted a little over a week. Overall, painful and bloody hair and beard cut. An Anonymous User Trieu's barber shop is the best around, I've gone to him ever since I was a kid and he has been meticulous and friendly always. CH Chris Davidson Best Barbershop I've ever been to. Good quality and cheap. I'm going to miss this place more than anything when I move away. DA Dave Andrulewicz This is the best place to get your hair cut. Trieu's been cutting my hair for years. He's taking his time. Always looks great! BO Bob Martin Tina always takes time to give me a great rock. The shop is clean and everyone is very nice. I highly recommend them. FR Frank Karlur Best experience for a hairstyle ever. If I lived here, I'd be well-groomed. I need a haircut every time I visit. DA Darrell Ferguson I just got the best flat top with a fade I've ever Johnny! Great haircut, this is my new go to place! GL Glen Scheirer Great Place... Great owner... Good haircut.
