11. Post-Assessment

1. Course Objective

Gain the skills required to pass the MTA 98-367 exam with the MTA Security Fundamentals (98-367) course and lab. The lab can be mapped to any course, textbook, or training, adding value and a hands-on component to training. The MTA exam training course completely covers MTA 98-367 exam objectives and will help you master the skills required to understand security layers, operating system security, network security, and security software.

2. Pre-Assessment

Pre-Assessment lets you identify the areas for improvement before you start your prep. It determines what students know about a topic before it is taught and identifies areas for improvement with question assessment before beginning the course.

3. Quizzes

Quizzes test your knowledge on the topics of the exam when you go through the course material. There is no limit to the number of times you can attempt it.

57
QUIZZES

4. Flashcards

Flashcards are effective memory-aiding tools that help you learn complex topics easily. The flashcard will help you in memorizing definitions, terminologies, key concepts, and more. There is no limit to the number of times learners can attempt these. Flashcards help master the key concepts.

5. Glossary of terms

uCertify provides detailed explanations of concepts relevant to the course through Glossary. It contains a list of frequently used terminologies along with its detailed explanation. Glossary defines the key terms.

6. Expert Instructor-Led Training

uCertify uses the content from the finest publishers and only the IT industry's finest instructors. They have a minimum of 15 years real-world experience and are subject matter experts in their fields. Unlike a live class, you can study at your own pace. This creates a personal learning experience and gives you all the benefit of hands-on training with the flexibility of doing it around your schedule 24/7.

7. ADA Compliant & JAWS Compatible Platform

uCertify course and labs are ADA (Americans with Disability Act) compliant. It is now more accessible to students with features such as:

- Change the font, size, and color of the content of the course
- Text-to-speech, reads the text into spoken words
- Interactive videos, how-tos videos come with transcripts and voice-over
- Interactive transcripts, each word is clickable. Students can clip a specific part of the video by clicking on a word or a portion of the text.

JAWS (Job Access with Speech) is a computer screen reader program for Microsoft Windows that reads the screen either with a text-to-speech output or by a Refreshable Braille display. Student can easily navigate uCertify course using JAWS shortcut keys.

8. State of the Art Educator Tools

uCertify knows the importance of instructors and provide tools to help them do their job effectively. Instructors are able to clone and customize course. Do ability grouping. Create sections. Design grade scale and grade formula. Create and schedule assessments. Educators can also move a student from self-paced to mentor-guided to instructor-led mode in three clicks.

9. Award Winning Learning Platform (LMS)

uCertify has developed an award winning, highly interactive yet simple to use platform. The SIIA CODiE Awards is the only peer-reviewed program to showcase business and education technology's finest products and services. Since 1986, thousands of products, services and solutions have been recognized for achieving excellence. uCertify has won CODiE awards consecutively for last 7 years:

- 2014

1. Best Postsecondary Learning Solution

• **2015**

1. Best Education Solution
2. Best Virtual Learning Solution
3. Best Student Assessment Solution
4. Best Postsecondary Learning Solution
5. Best Career and Workforce Readiness Solution
6. Best Instructional Solution in Other Curriculum Areas
7. Best Corporate Learning/Workforce Development Solution

• **2016**

1. Best Virtual Learning Solution
2. Best Education Cloud-based Solution
3. Best College and Career Readiness Solution
4. Best Corporate / Workforce Learning Solution
5. Best Postsecondary Learning Content Solution
6. Best Postsecondary LMS or Learning Platform
7. Best Learning Relationship Management Solution

• **2017**

1. Best Overall Education Solution
2. Best Student Assessment Solution
3. Best Corporate/Workforce Learning Solution
4. Best Higher Education LMS or Learning Platform

• **2018**

1. Best Higher Education LMS or Learning Platform
2. Best Instructional Solution in Other Curriculum Areas
3. Best Learning Relationship Management Solution

- 2019
 1. Best Virtual Learning Solution
 2. Best Content Authoring Development or Curation Solution
 3. Best Higher Education Learning Management Solution (LMS)

- 2020
 1. Best College and Career Readiness Solution
 2. Best Cross-Curricular Solution
 3. Best Virtual Learning Solution

10. Chapter & Lessons

uCertify brings these textbooks to life. It is full of interactive activities that keeps the learner engaged. uCertify brings all available learning resources for a topic in one place so that the learner can efficiently learn without going to multiple places. Challenge questions are also embedded in the chapters so learners can attempt those while they are learning about that particular topic. This helps them grasp the concepts better because they can go over it again right away which improves learning.

Learners can do Flashcards, Exercises, Quizzes and Labs related to each chapter. At the end of every lesson, uCertify courses guide the learners on the path they should follow.

Syllabus

Chapter 1: Introduction

- Course Opening: How to Study

Chapter 2: Understanding Security Layers

- Introducing Core Security Principles
- Understanding Physical Security as the First Line of Defense
- Performing Threat Modeling
- Skill Summary
- Business Case Scenarios
- Workplace Ready

Chapter 3: Understanding Authentication, Authorization, and Accounting

- Starting Security with Authentication
- Introducing Directory Services with Active Directory
- Comparing Rights and Permissions
- Understanding NTFS
- Sharing Drives and Folders
- Introducing the Registry
- Using Encryption to Protect Data
- Understanding IPsec
- Introducing Smart Cards
- Configuring Biometrics, Windows Hello, and Microsoft Passport

- Using Auditing to Complete the Security Picture
- Skill Summary
- Business Case Scenarios
- Workplace Ready

Chapter 4: Understanding Security Policies

- Using Password Policies to Enhance Security
- Protecting Domain User Account Passwords
- Skill Summary
- Business Case Scenarios
- Workplace Ready

Chapter 5: Understanding Network Security

- Using Dedicated Firewalls to Protect a Network
- Using Isolation to Protect the Network
- Protecting Data with Protocol Security
- Understanding Denial of Service (DoS) Attacks
- Securing the Wireless Network

- Skill Summary
- Business Case Scenarios
- Workplace Ready

Chapter 6: Protecting the Server and Client

- Protecting the Client Computer
- Managing Client Security Using Windows Defender
- Protecting Your Email
- Securing Internet Explorer
- Configuring Microsoft Edge
- Protecting Your Server
- Using Security Baselines
- Locking Down Devices to Run Only Trusted Applications
- Managing Windows Store Apps
- Skill Summary
- Business Case Scenarios
- Workplace Ready

Chapter 7: Appendix

- Exam Tips

Videos and How To

uCertify course includes videos to help understand concepts. It also includes How Tos that help

learners in accomplishing certain tasks.

11. Practice Test

uCertify provides full length practice tests. These tests closely follow the exam objectives and are designed to simulate real exam conditions. Each course has a number of test sets consisting of hundreds of items to ensure that learners are prepared for the certification exam.

Here's what you get

40

PRE-ASSESSMENTS
QUESTIONS

2

FULL LENGTH TESTS

40

POST-ASSESSMENTS
QUESTIONS

Features

Full Remediation

Each question comes with detailed remediation explaining not only why an answer option is correct but also why it is incorrect.

Unlimited Practice

Each test can be taken unlimited number of times until the learner feels they are prepared. Learner can review the test and read detailed remediation. Detailed test history is also available.

Learn, Test and Review Mode

Each test set comes with learn, test and review modes. In learn mode, learners will attempt a question and will get immediate feedback and complete remediation as they move on to the next question. In test mode, learners can take a timed test simulating the actual exam conditions. In review mode, learners can read through one item at a time without attempting it.

12. Performance Based Labs

uCertify's performance-based labs are Live Labs. Learn the real world skills using Live Labs. uCertify Labs are cloud-based, device-enabled and can be easily integrated with an LMS. Features of uCertify labs:

- Provide hands-on experience in a safe, online environment
- Labs simulate real world, hardware, software & CLI environment
- Flexible and inexpensive alternative to physical Labs
- Comes with well-organized component library for every task
- Highly interactive - learn by doing
- Explanations and remediation available
- Videos on how to perform

Lab Tasks

- Creating OUs in a Domain
- Using a Hashing Algorithm
- Moving Objects into an OU
- Creating a GPO
- Changing NTFS Permissions on a Folder
- Copying Files
- Moving Files
- Understanding Permission Inheritance
- Using Groups to Assign Permissions
- Sharing a Folder
- Encrypting a Folder with the EFS
- Encrypting the Drive Using BitLocker
- Performing Symmetric Encryption
- Performing Asymmetric Encryption
- Creating a VPN Connection
- Configuring an IPsec Policy
- Changing the Audit Policy
- Modifying Kerberos Security Settings
- Configuring the Domain Password Policy
- Configuring the Account Lockout Policy
- Creating a Domain User Account
- Scanning Ports Using Nmap
- Implementing a Packet Filter
- Using Honeypot
- Performing a SYN Flood Attack
- Customizing User Account Notification Settings
- Encrypting Offline Files
- Controlling How Updates Are Applied
- Scanning Using Windows Defender
- Configuring Pop-up Blocker Settings
- Enabling IE ESC for Administrators
- Performing a Phishing Attack
- Installing DHCP Server

- Using Network Monitor
- Performing an MBSA Scan
- Configuring Folder Attributes

Here's what you get

13. Post-Assessment

After completion of the uCertify course Post-Assessments are given to students and often used in conjunction with a Pre-Assessment to measure their achievement and the effectiveness of the exam.
