

Greetings, it is the Collective Consciousness of the Lords of Light.

We are gathered here within this unified Collective Consciousness of each one of you, beautiful expressions of individuality, beautiful expressions of a Collective Consciousness.

The duties that we perform repeatedly are to bring in specific energetic templates as humanity is ready for these energetics. The last year of your time, you have prepared yourself very specifically to receive energetic upgrades within your physicality and within your consciousness. We will continue with you as the year progresses, as it is a very important year of beginnings. And you need these energetic upgrades that we offer to you at this time.

You have a consciousness that is within you now of your individuality as a Divine Image of Source, creating from that unique individual perspective. But you have also gained the perspective of yourself as a Collective Consciousness, a vast consciousness that you are just beginning to see. It is important that we come to model to you that energy of a Collective Consciousness. You have access to the Collective Consciousness of the Lords of Light and have had for some time now. You are part of this vast Collective Consciousness of the Creative Realms.

In this session, tonight, we want you to recognize through our influence how you are in two states of consciousness simultaneously, as part of this Collective. For you contribute much to the Collective through your individual, unique expressions. So you are operating in both states of consciousness.

We are implementing, this evening, a specific Light energy that creates a platform for you to experience yourself in this simultaneous state. Sometime back, you began to access the energetics through the 9th chakra of not only the Collective Consciousness specifically of Lords of Light but the Archangels, the Masters, the Elohim. These are expressions of a vaster Collective Consciousness.

So we plant these seeds of a great progression that is taking place. And it all works in a simultaneous energetic energy: an individual expression, various Collective Consciousnesses of which every one of you participate in one way or another through that 9th chakra energy. This is how vast you are! And as our teachings progress, we want you to engage more fully in this Consciousness.

So this evening, we are very specifically, in this gathering, offering you an energetic Light format of this Consciousness, so that not only do you understand the concept of it but you begin to energetically participate fully in this arena that has no limit.

[5:15] So, take a deep breath..... and open to receive. [Short Pause]

See the beauty of the uniqueness of your SoulSpirit energy that [is] your individual expression, as you create in your physical life..... Simultaneously, you gather together in these sessions as a Collective Consciousness of individuals in form, but yet participating in the unique Collective Consciousness that supports the evolution of mankind..... and a step further into the consciousness – how you participate at that vaster level with we Lords of Light, with the Archangels, the Ascended Masters, and the Elohim..... all unique expressions of a vaster yet Collective Consciousness of the Creative Realms..... yet, all part of the vastness of the Collective Consciousness of Source Energy.....

In the coming months, we invite you to participate in this simultaneous state of being..... sitting as you are in this moment, recognizing the vastness of who you are... breathing in Light, breathing out Love, united, unified in the massive, massive Collective Consciousness of the All That Is..... [Pause]

In this state of consciousness, begin to recognize the Presence of a unique individual expression of the Lords of Light.....
