

Seating the Divine Image Level 2, Session 3D Message from the Lords of Light
02/14/2017

Greetings, it is the Collective Consciousness of the Lords of Light!

We are part of your Collective Consciousness. And you are all very well aware of this state of being. No longer do you view us as outside of yourself. Much has changed, Dear Ones, within your consciousness, but most importantly, these changes are being transferred into your physicality, upgrading your body to a 5th dimensional vehicle. You have many tools at your disposal to use in these present upgrades that are in process. Each one of you not only are the Collective Consciousness that gathers with purpose and intent, but you are also the Christed Individual experiencing and creating Life.

You are now experiencing this simultaneous state of being. And you are transferring this state of being into an upgrade. You are creating the upgrade of your physicality, so it better represents your consciousness. The body then is a better vehicle for you to experience and create Life in a body, in form, all the while being fully conscious of yourself as a Collective Consciousness.

The conversation that took place this evening shows you very specifically the mastery that this Collective Consciousness holds, that each one of you holds as an individual expression of that Collective Consciousness. You have mastery that is unique to you as that individual, and you willingly share that with the Collective, impacting and expanding the Collective Consciousness. It is in these conversations that you become the Collective Consciousness.

In each meeting you share your mastery and you expand, through your experience as the individual, the Collective Consciousness of this group, of every participant in these sessions. You become the co-creator of your experience as an individual, as a Collective, and as a co-creator of what curriculum you will choose to study and to embrace, to embody, as we move forward in the coming months. So we will continue with this format with you as co-creators.

And from time to time, we will call a meeting of just the Lords of Light portion of you, to give you direction, to give you further information on how to expand what you already have mastered or are in the process of mastering. These sessions will be important segments throughout the coming months. Some of them will transpire prior to your physical meeting, conference meeting. Some of them will transpire after, because, as you meet in the conference, there will be other Light Templates that you will be charged to retrieve, that have to be put into place before certain other Templates can be brought forth in your studies. So, keep this in mind, as we now move forward in this new arena of co-creation.

So, now, as the Collective Consciousness, we bring forth an individual for tonight's teaching and consideration for you to experience in the coming weeks.
