

Hello everyone, this is Joan. And this is John.

**JOHN:** Welcome back, folks. We're doing the Seating of the Divine, Level 2, Session 5. And of course, it's March 28, 2017. Of course we're pleased to have you back with us today, so that we can expand on our wonderful last session. As you remember, we have to double up on these sessions, so that we have the tools required for our upcoming Crystal Conference. And we appreciate you understanding that.

The Archangels and Masters were very pleased, by the way, with the results from our last session. Therefore, we will continue with that specific format, which they like. And we will start with a centering meditation from Archangel Gabriel, and then have an update of the upcoming Crystal Conference. Then we'll have a 20-minute group discussion, similar to the one last time, and that will be followed with a review of last session. Then, we will move on to a channeling from Joan, and the Collective Consciousness will be around with a Q&A session after that, and finally we'll end with an energy-guided meditation led by the Lords of Light.

So, let's all take a deep breath and get started with our centering meditation from our wonderful friend, Archangel Gabriel. .... **[Gabriel Centering Meditation is on page 2]**

**[7:51] JOHN:** Now, on to our June Conference. This group continues to grow and the Queen Wilhelmina Lodge is full. If anyone would like to share a room, just put it out on the facebook page that we have set up for this purpose. The facebook page is a private page that is called 2017 Crystal Conference. If you have registered for the conference, you are already a member. As more sign up, we will add you to this page. We have extended our special rate with the Sun Country Inn in Mena, through May 1, and those rooms are going fast.

We plan on making direct contact with the land in this special place, so please bring your Arkansas crystals with you. Our conference will have some elements of a retreat, because there will be time given for private silent time to walk the trails and commune with the Earth energy as well as the Etheric Blue Crystal.

All the information is on the special 2017 Crystal Conference facebook page and also on the Seating of the Divine Image and the GridMasters pages. We are looking forward to a super event, so if you want to attend, please sign up as soon as you can to take advantage of the reduced early registration that ends April 15. Thank you!!

A list of the dates of our upcoming Divine Image gatherings was sent out this last weekend in an email. We will also post it on the Seating of the Divine Image facebook page.

**[1:30] Archangel Gabriel Centering Meditation:**

It is I, Gabriel.

I am here as part of your Collective Consciousness, as are many from Realms of Source. We are here not only to support, to observe, but to also participate by sending many energetic templates of Light to impregnate this gathering.

So let us begin by taking a deep breath and being very present in the moment,  
focusing your attention in your Sacred Heart,  
in that vast consciousness of who you are,  
as an individual and also as a Collective Consciousness.

As you breathe in Undifferentiated Light, exhale Love.....  
Now breathe in Love and exhale Light.....

Your Merkaba field is spinning,  
emanating a massive frequency of Light in this very moment  
Notice the Love that is present and how that is emanating within your Merkaba field,  
bringing you into that 100% Light.

It is transmitted through your Unified Field,  
through the axiatonal pathways,  
through that massive, energetic expression of your individual, Divine Self.

Beautiful Beings of Light, gathered in a massive Collective Consciousness  
expressing pure Light, pure Love, and creativity,  
expressing your Divine Image,  
impregnating the world every place you walk.....  
Feel your eminence as a great creator, as Divine.....

Notice the coherency of your field at this very moment.  
Notice the coherency in this gathering at this very moment.  
Carry that conscious awareness with you throughout this call  
and throughout the coming days.

Make it a practice every morning to set your field in that 100% Light  
and navigate your daily life from this present experience,  
so it becomes an integral part of your expression  
as you walk the land, as you walk the Earth,  
sharing your Love, your Light, and your Divinity..... [Short Pause]

Now, direct your attention and be present in the moment in this Collective Call.

**JOHN:** Thank you, Gabriel. We are always so thankful to have you start our sessions. We appreciate that so much.
