

John:

Our Guides that night were the Triad of the Collective Consciousness of the Lords of Light, represented by Lord Metatron, Michael, and Melchizedek.

The channeling for the evening discussed the importance of our retrieval of the four templates from the time locks in Hot Springs.

This has significantly contributed to our ability to receive and activate the 4th Triad, which impacted the Arc of the Covenant by the electrical charges that it emitted. This also activated the Seed Crystals and made usable the Indigo Color Codes and Sound frequencies. All of this contributed to a massive opening in the Sacred Heart consciousness and provided an awareness of the OverSoul, the Christed OverSoul, and the Christed Mind.

They also mentioned that these templates have opened our way to the 5th Dimensional consciousness.

They reminded us at the last conference that it would take probably a year before we could put all this to use. And this is a comment we need to remember after this conference.

This acted as a reminder of the significance of what we did last year and helped us understand what exciting revelations are coming up during our next, number two, conference.

Also, they commented that the question and answer session that we had in our last class were a very lively event. Questions went from Seed Crystals to Recorder Crystals to holographic projections and their connection to the Andromeda Galaxy. The Triad was very pleased with the depth of the questions and the different areas that were covered.

The Triad loves where our Collective is headed.
