

**Joan:**

If everybody will take a deep breath and get centered in your Heart, your Sacred Heart, and take a deep breath, and let go of all the thoughts and the events of the day, and just be very centered in this moment.....

**Gabriel:** Greetings, Beloveds, It is I, Gabriel.

I am so pleased and honored to be gathering with you this evening. And of course, I do not come alone! Many gather with us in this beautiful Collective that we have created together: all of the Archangels, the Masters, the Lords of Light, and all of the Beings that were present as you co-created with us in the conference. We have all gathered again, in this beautiful Collective Crucible that you have created for us to gather in.

Take note here, Beloveds, of the power, your creative power, through your intention. Over and over again, you have come together in these gatherings with purpose and intention. And you have created for us as well as yourself a very coherent Light-filled Crucible in which we gather...

So, tonight is no different. The Light that is emanating within our Crucible is luminous, far beyond any languaging.

So take a deep breath. And with your 3<sup>rd</sup> Eye, your Inner Eye, view the beauty of what we are creating together. View this awesome, luminous, vibrant Light Crucible.....

It provides a space from which each of us bring our uniqueness. Every valuable piece of ourself is brought into the Unity of this Crucible. And as all the pieces are brought together, a fine tapestry of Color, Light, and Sound begin to vibrate in Unity and in our harmonious, beautiful expression.

Your Merkaba field is spinning at that 100 percentile range. You are beautiful to behold in your Light Garment.

There is great Love in your Heart that is expressing itself, and the fullness of your potential that will be expressed throughout this gathering...

So, delight in this space we have created together. FEEL all of the nuances; SEE all of the beauty that we have created in this unified expression...

Sit for just a moment longer and recognize the beautiful expression of this Collective.....

Now, take a deep breath and direct your attention into this meeting.
