

SUMMARY OF WHAT WE ACCOMPLISHED AT THE 2017 CRYSTAL CONFERENCE**Friday Morning****1. Introductory Comments & Welcome; Explanation of the Pyramid**

Remember to list where you travel to so we can put it on our group world map!

Our I AM Circle of presenting ourselves to the Triad within our Sphere
Greetings to Diadra Decker and Suzy Frasier on the Inner Planes

Jana: Toning

Joan: Brief Welcoming Channeling

John: Summary of what the group accomplished in this past year

Melainah: on the fluidity of what is to happen in this conference

2a Joan and Melainah: on the alchemical crystal bowls and the “whale” crystal grid**2b Joan: Metatron (from the Triad) Channeling**

The Etheric Crystal from the Lake Portal is here and functioning to amplify and assist.
It is a huge emanation of Light.

You are shifting into an epi-kinetic body form, your Light Body,
your 5th, 6th, 7th Dimensional vehicle.

Our Collective Crucible will assist you to hold these frequencies stably here together
and is available for you to call on after we disperse physically.
You are processing pure energetics, Light, and Holographic Projections of Thought.

Much comes through the Sound currents in the voice itself,
and your ability to receive these Sound currents will increase due to this conference.
Feel and know that energy in your body.

Friday Afternoon

3a Joan: Greetings to John Carroll in Atlanta, who couldn't be with us physically

3a John: Information on the inhabitants of Inner Earth and their dimensional levels

Telosians, 5th, 6th, 7th Dimensional level

Lemurians, 8th, 9th, 10th Dimensional level

Luminaries, 12th Dimensional and beyond, Christ Consciousness

the Andara Collective, beyond the 12th Dimension,

responsible for holding stably the Christed Matrix on/in Planet Earth

3b Melainah: Unlocking the 5th Dimensional Time Lock 2017

[All our work was done from inside the Holographic Sphere with all the Great Beings.]

We are operating as a 7th Dimensional Collective Consciousness,
supported by the Etheric Crystal from the Lake Portal,
using the Light Beam projection device from Andromeda.

We are first guided by An-nah, our Inner Earth liason.

Each of us joins with our Telosian aspect

using our activated Seed Crystals and Recorder Cell to share energetics.

Then we are guided by Ko-Ra-Zan,

an Earth historian, who is being projected in his epi-kinetic body,
along with Ah-nah and three Telosians.

We are taken by vertical and horizontal elevators deep into the bowels of Telos.

We walk some distance into an area that has been sealed for a very long time,
through tunnels and down steps,
through three doorways whose code to open them Ko-Ra-Zan was given today,
and finally into a large cavern.

One of the cavern walls disappears and our group moves, on without our guides,
into a holographic projection of the beautiful world of Lemuria,
designed to stimulate our senses and our memory codes.

We are next guided by Great Elfin Beings and Earth 4-leggeds horse-like Beings.
through a magical forest of devas and fairies, to the base of a mountain.

Our group goes on as a Collective Consciousness, without guides.

We go through a corridor, take a sharp right turn, and make our way to the Lights.

We are in a chamber whose walls are pulsing and vibrating with Sound and Color.

Each of us finds our spot and places our hands and forehead on the wall --

And when we are all in place, the 5th Time Lock opens in an explosion of Light.

We take these Light Templates into our Beingness, our consciousness, our body.

Once the Light recedes, the Guides lead us back to the cavern.

The wall opening closes & the Light Beam returns us to our surface conference room.

Friday Afternoon, cont'd –**3c Joan: Channeling from the Triad – Connecting with three Star Gates**

Be aware of your axial lines extending into Inner Earth and the Cosmos

Be aware of the spinning of the spin points

We will together create spin points within three Star Gates

Arcturian Star Gate

As we enter this Portal, we are guided by an Arcturian Elder and all of the Arcturian communities

Together, with our attention and intention, we slowly start the spin point spinning

Notice the Light emanating from this spinning focal point as the rotations increase.

There are many Colors present.

Notice the lovely Sound tone, which you can feel in your body, in your Heart

The stable vibration set invites you to receive and transmit thought forms,
from your OverSoul, your Higher Mind, your Christ Consciousness

Open your crown, pineal, 3rd Eye, and Medulla center and

receive the tele-thoughts projected from the Arcturian Collective Consciousness.

Beyond words – pure Thought

The Arcturian Elder Artemis speaks to us the gratitude of the Arcturians,
who have long awaited this moment,

and are ready to have two-way conversations with us, as we continue developing.

At first these conversations will be perceived when we focus attention on this spin point
as a feeling, or the Light of the spin point, or the Sound of the spin point.

Sirian Star Gate

We are welcomed by the Archangelic Sirian Collective, whom we met last year briefly.

We and they together now slowly activate this spin point Star Gate,

just as we did for the Arcturian Star Gate.

Notice the Light, Colors, and Sound Tones.

Within this spinning vortice, notice the Presence of the whales and dolphins

who have held this vibration for a long time in bodies, in the waters of the Earth.

The Sirian Collective Consciousness greets us in Joy:

Our lines of communication are now wide open.

You are now part of our Community.

We look forward to the imprinting you and we will create together on Earth

to re-awaken the Earth, the Elementals, and the Inner Earth Beings,

many of whom come from this Star System

and sacrificed themselves to come to Earth to be of service.

Friday Afternoon, cont'd –**3c: Triad – Connecting with three Star Gates, cont'd****Pleiadian Star Gate**

We carry ourselves with ease through the axiatonal line to this Star Gate.

We are met by three Pleiadian Elders.

Together with them, we slowly create this spin point.

We join their focus with the focus emanating from our 3rd Eye
and project a beautiful brilliant White Light into the spin point.

Again we notice the Light,

the Colors of two magnificent Collective Consciousnesses – Human & Pleiadian,
and the Sounds elevate us into a state of Ecstasy.

**The Pleiadian Collective speaks to us and we create a Star Gate Collective
Consciousness:**

We have been close by with you in many, many, many emanations.

Very soon now, the DNA structure will alter dramatically within each one of you.

All twelve will soon be a very viable, active energetic resource for each one of you.

We are delighted you have created with us this channel of communication.

We are united! Oh such Joy we feel!

Let us now together join with the Star Beings of Arcturus and Sirius

and create a Collective Consciousness of Humans, Pleiadians, Arcturians, Sirians!

The Triad speaks again of the unification that just occurred

The unification that has just occurred was expected.

Opening this 5th Time Lock elevated Humanity to where it could occur.

Be silent and stay in this energy of Integrations for as long as you can.

Saturday Morning**A. Introductory Comments****B. Gabriel Centering Meditation****C. Melainah: Opening the 6th Dimensional Time Lock 2017**

We start at the 7th Dimensional frequency level.

The Andromedan Light Beam is projected into the center of our conference room.

We walk through and we are in the cavern we exited from yesterday.

We are again greeted by An-nah, our Inner Earth liason, who tells us that today
Another wall will be opened for you.

You will step into a higher frequency of Lemuria than yesterday.

Your Guides will be the Winged Ones from the Air Element.

We climb aboard this Winged Beings and watch the beautiful view as they fly.

We arrive at our first stop, a clear crystal structure.

It is a very large sphere.

Filling the inside of the sphere and extending through the top is a pyramid.

A group of vaporous looking 8th, 9th, and 10th Dimensional Lemurians speak to us:

This is a Cosmic Solar Chamber prepared just for you

to assist you in experiencing yourself at higher vibratory rates

Please enter and choose a reclining seat

Close your eyes and listen to the music.

Colors will flow throughout the structure

Electrical impulses carried on the specific Sound and Color frequencies

will be carried into your seats, your body, your consciousness

When your vibrational rate has increased, without your conscious awareness

positive images will be flashed into your consciousness,

imaging you in various incarnations, dimensions, and time sequences,

to reflect WHO YOU ARE as that 12th Dimensional Christed Being of Light

We experience all this then return and remount our Winged Guides.

We arrive at a Sound Temple that many of us used to frequent when we lived here.

We go to the center of the room and start Toning, along with the crystal bowls.

We reach the required frequency and the Light in the Temples becomes a brilliant Gold
as the Time Lock is opened.

We receive the Light Templates and are bathed in that Golden Light.

Our Lemurian family embraces us and tells us this will always be Home for most of us.

Our Light Beam transports us through various levels of the Inner Earth,

transforming it along the way,

then back into our time and space of our conference room.

Saturday Morning, cont'd**D. Group Discussion:**

This was not transcribed but is available in the conference recordings.

E. Joan: Channeling on the Blue Crystal from the Triad and the Consortium of Andromeda Elders**The Triad speaking about the Blue Crystal and Andromeda**

This Blue Crystal was a gift of Source to Earth from the very beginning.
It was pure Source Light Energy,
containing emanations of Knowledge from the level of creative Source.
It is the Source of your Being, the Light that you ARE.

As the Elohim made Earth more dense,
so it could better radiate Christ Consciousness out to the other planets,
it was very important that all Christ Conscious Beings coming to Earth
have this Blue Crystal emanation available.

The Union you created yesterday of Humans, Pleadians, Arcturians, and Sirians
allows you to open the channel to the Andromeda Collective Consciousness.
This 15th Dimensional Andromeda Collective oversees what is transmitted from
this Blue Crystal,
through these Star Gate interfaces, in a step-down mechanism.
This could only happen after you successfully opened the 5th and 6th Dimensional
Time Locks yesterday and today.

The Consortium of Andromeda Elders speaks to us

We have waited for a long time to share what we have nurtured for Earth for eons.
We are delighted you are now capable of using these channels of communication.
We were able to retain Christ Consciousness in our Galaxy,
when your Milky Way Galaxy was not able to retain it.
Your diligent community of Light is making a difference for Earth and for the Cosmos,
because you carry that Christ Consciousness.
In the next year, invite us into your Collective and personal consciousness,
so we may unite with you in the common purpose of elevating Christ Consciousness
to new levels of experience for all Beings, all Cosmoses, all Galaxies, all Universes.

Saturday Morning, cont'd**E. Joan: Channeling on the Blue Crystal from the Triad and the Consortium of Andromeda Elders, cont'd****The Triad continues**

The Earth and Humanity have reached a new pinnacle of evolvement
and the transformation continues.

Even though you may see a lot of disruption in the world,
do not get caught up in the chaos.
Be who you ARE!

Lead your life in perfection of a Light Being, a source of pure Christed Energy.
Love those caught up in chaos and have compassion for their pain.
Do not try to rescue others; they must create their own transformation.
But Love and Bless what you see in the outside world. Shine your Light!
Trust that the negativity of the world is falling away.

After you leave this physical gathering,
this beautiful Crucible of Light we created here remains available to you,
this Collective Bubble – draw on it!
Simply direct your attention into this Holographic Sphere to access it.

And the Blue Light of the Blue Crystal of Knowledge shines brightly.
Channels to the Crystal of Knowledge have opened – use them!

Saturday Afternoon**A. Q&A Session:**

This was not transcribed, but it is available in the recordings.

B. Joan: Channeling the All That IS – Activating the Elementals

[This session was held outdoors.]

Together with the Inner Earth, the Star Gate, and the Andromeda communities,
We projected the massive Light we carry as Christed Beings
into all parts of the Earth, including the Inner Earth communities,
into the Mineral Kingdom raising it up and fully engaging it in this Light vibration,
into the Crystalline Grid of Earth in a way that will never dissipate,
and into the Earth, Fire, Water, and Air Elementals of Earth.

This magnificent projection of Collective Christed Light affected all parts of the Universe.

The Elementals are now free to create a New Earth

They will assist the Mineral Kingdom and the Crystalline Grid to maintain this Light.

This Crucible we have just created is also permanently within each of us, each Being.

Every place we walk on Earth we plant the seeds of hope, Love, and Light,
creating a pathway that coming generations will use for a very, very, very long time.

Corridors deep within the Earth contaminated since the fall of consciousness,
are now closed forever.

We have opened new corridors and pathways and filled them with Light for all to follow.

We will learn much about these corridors in the coming years
and will be shown technologies beyond our current imagination.

Feel your feet on Mother Earth, ground into Mother Earth.

She is waiting for this connection.

[We then toned as a group for about ten minutes, with Jana leading]

**C. Group Tai Chi with Joe and then Marta outside Queen Wilhelmina Lodge,
by the Pyramid!**

Sunday Morning**A. Gabriel Centering Meditation**

The Archangels have drawn very close to you at this moment,
for at this juncture of your Gathering great Light is needed.

Feel our Light, our Love, our Embrace – and draw it in!

This is a very important day, Beloveds!

Be centered in your Sacred Heart, grounded in the Earth energy,
but connect to the realms of Source and to the Archangels.

Be very present in the moment..... And stand tall in your Mastery!.....

A. Joan: Intro to this day

This has been a very fluid Gathering, with constant changes in the plans!

Today – more has been given.

We have been asking Guidance for a month now to give us more information
about this 7th Dimensional, 7th Time Lock.

And they kept saying,

“It’s not time. It is so massive and it is very dependent on what happens within
our group dynamic as we proceed in the 5th and 6th Openings.”

So, last evening and this morning, they began to talk to Melainah.

And with what they said comes a responsibility for this group to assume.

A. Melainah on Mist and Commitment:

The mist outside of us this morning is a representation of all the Consciousness
that is surrounding us today as we move forward.

In Hawaiian spirituality, Lilinoe is the Goddess of the Mist and the Rainbow.

She’s my personal favorite and she’s here.

It’s always comforting to me when she appears.....

Our mission today is immense.

And it will require a commitment from each and every one of you.

If we are allowed to open this 7th Time Lock this morning,

the potentialities and power of what might again be possible

has them questioning if we can hold this frequency, hold this space.....

They are asking for a commitment from all of us known as **the Law of One:**

**“Will you make a commitment to these Great Beings, to these Consciousnesses,
but to yourself, to do no harm?”**

Mary will be our spokesperson for our group Collective Consciousness
at a certain point in our Journey this morning.

Be in your Mastery; Hold your Essence and let it flow through her as she speaks.

Sunday Morning, cont'd**B. Joan: on the Jean Luc Video**

This video we are about to watch will help us reach the required frequency to make this commitment.

It is about the White Dragon Energy, the Fire Energy, and the concept of “Divine” which will be replacing our concept of Divine Masculine/Divine Feminine.

[Jean Luc Video: Voyage into Infinity with Whales and Dragons]**B. Melainah starting the Opening of the 7th Time Lock Journey**

[Everyone physically has in their hand an Andara Stone or Arkansas Crystal]

Our Light Beam again projects us into the Inner Earth Land of Lemuria into a beautiful place that feels like a sanctuary.

We place our Andaras and Crystals in a circle by a reflecting pond.

B. Joan: Channeling from the Luminaries

We operate only in that Collective Consciousness realm of 12th Dimension.

Draw close with us now in that iteration of you that is vast.

As you merge with our Energy, your frequency now resonates in a 12th Dimensional state of consciousness – Collective Christ Consciousness.

This is required of you to proceed.

We are here to assist you to maintain this frequency with us as we proceed.

B. Melainah continues the Journey of the Opening of the 7th Time Lock:

We retrieve our crystals,

which have been encoded by the Andarans and the Luminaries with 12th Dimensional Energy

We are projected into deeper levels of Inner Earth into the realm of the White Fire Dragon of Inner Earth, who is a balanced expression of “Divine” and who is the Guardian of the 7th Dimensional Time Lock since it was placed at the fall of consciousness.

We present ourselves to the White Fire Dragon to gain passage to proceed.

Sunday Morning, cont'd**B. The Group Commitment:**

Mary, who has volunteered to speak for the group, will step forward.....

[Short Pause as Mary physically steps to the front of the group]

And please state for the group who you are:

Mary: We are the Gridmasters.

Why are you here?

Mary: We are here to retrieve the 7th Light Template, to open the Time Lock.

And what is your intention?

Mary: Our intention is an alliance of Masters as a harmonic of our Collective to embody this Light Template, to imprint it, to realize the Law of One in complete neutrality and Unconditional Love, Undifferentiated Light and Love, to seed it into the planet, to anchor it and walk the Earth, to create a grid of New Earth, and to carry this with us to radiate into all Dimensions, all time, spaces.

And does this Collective Group make the commitment to imprint the grid with the consciousness of the Law of One?

Group response: YES!

And do you make that same commitment to yourself?

Group response: YES!

B. Melainah channeling the Fire Dragon:

I have received your Essence and permission is granted for you to proceed. You are but a small Collective group, but the seeds of change must begin somewhere. And it begins with you.

We are honored to stand before you and accept your commitment. That commitment resounds through all the realms of the Inner Earth, to the consciousness of All Things, is imprinted in the fabric of all of these Great Beings who are here with you, supporting you in this mission.

It has been told for eons of time that someday, somehow these Time Locks would once again be opened. Little did we know it would be a group of Humans, still residing in a 3D body who would be able to do this! Do you understand how great a feat that is!?!

We do. We are amazed. We are honored to be in your Presence and to be of service to you. So many things went awry many, many eons ago. Your open Hearts -- we trust that you will protect all the beautiful things that are coming into your awareness. So, your next challenge now – as you see, there is a wall of Fire behind me. You must walk through that wall of fire. As you go, remember that the Fire Element is an alchemical catalyst of transformation. With the opening of this Time Lock, with your walking through this Fire of Transformation, nothing will be ever the same. You will never be the same.

We wish you safe passage. We look forward to seeing what you can do.....

So, if you will step through the Fire, if you will..... [Pause as the group does this]

Sunday Morning, cont'd**B. Melainah continues the Journey of the Opening of the 7th Time Lock:**

We emerge to where the shards exist of what is left of the base of the Blue Crystal.

The Andromedans are projecting the full Holographic Image of the Blue Crystal into this space,
with all the Great Beings of our Holographic Sphere, the Star Gate Beings,
and the Inner Earth Beings helping us hold stable the frequencies.

As the frequencies of the Blue Crystal increase
we are transported to the Time Lock.

In front of us appears to be a scale of sorts.

We carefully place one by one our encoded Crystals & Andaras, keeping it balanced.

With Jana leading, we all toned the Sound Code to opening the Time Lock: Na Ha Ta
until we reached the required frequency range for the Time Lock to open.

B. Melainah continues the Journey of the Opening of the 7th Time Lock:

We open ourselves and breathe in the massive Energetics of this Time Lock,
the most refined frequencies we have ever encountered as Humans.
We let it merge with the very fabric of our Being.....

When we are ready, we carefully remove our Crystals and Andaras, one by one.

We are transported back to the room with the Blue Crystal.

We revel in its magnificence

We allow this tremendous gift to be imprinted in our consciousness

Finally, we must leave, with tremendous Love and gratitude for all the Beings here:
the Luminaries, the Andarans, the White Fire Dragon of Inner Earth.....

Once we have left, the Andromedans return the main portion of the Blue Crystal
back to Andromeda for safekeeping.

They leave a small segment here, in the 12th Dimensional Christed Matrix of Inner Earth
and in the Sacred Heart of Humans...

So may the true Wisdom be returned to the consciousness of this World.....

We are returned to the sanctuary area,
breathing it in, taking it into our memory codes,
knowing that this Inner World has been forever changed by our Presence.

We return through all the layers and dimensions of Inner Earth,
altering them as we pass through, raising their frequency,
back to our surface conference room time and space.

Sunday Morning, cont'd**C. Joan: Final Channeling from Metatron, stepping forth from the Triad**

As wayshowers and facilitators to bring forth these Light Templates to Humanity,
your work must now be done in great precision.

A dispensation was given to each and every one of you in the first month of 2017.

It is a real energetic, Beloveds.

There is no rush.

It will take 3 years of Earth time to integrate this massive 7th Dimensional Template.

Within those 3 years, your body will no longer have to struggle to be fully in 5D.

First you have to drop many perceptions of yourself as the individual,

because the 7th Dimensional Template is all about Collective Christ Consciousness.

The body will come along and shift in its dimensional frequency.

Do not be concerned about the process – only know that it is happening.

One of the things we wish to communicate with you today is this perception of
masculine/feminine energy. DROP IT – DROP IT TODAY!

The Divine Masculine/the Divine Feminine are not separate but a unit of Divinity.

You are required to hold this new level of unification in your body.

Drop the concept even of Divine Feminine/Divine Masculine

We'll temporarily replace it with the Yin/Yang concept.

It has a Tone to it, a Sound to it.

You are only defined by your Divinity.

Merging into Unity the 5th, 6th, and 7th Dimensional Templates from 2016 & 2017

We then merged the 2016 5th Dimensional Light Template into the vaster 2017
5th Dimensional Light Template,

then infused this merged 5th Dimensional Template with the Undifferentiated
Light and Love of Christ Consciousness from the 7th Dimensional Template.

We then merged the 2016 6th Dimensional Light Template into the vaster 2017
6th Dimensional Light Template,

then infused this merged 6th Dimensional Template with the Undifferentiated
Light and Love of Christ Consciousness from the 7th Dimensional Template.

We then entered into that 7th Dimensional Template and felt its spaciousness,
the unlimited Divine Essence and the purity of that Essence
in great excitement and Joy!

We then felt in our body the unrestricted flow of energy
now present between the 5th, 6th, and 7th Dimensions –
pure Undifferentiated Light and Creative Love.

Metatron: "You have done well, Beloveds: Ehyah Asher Ehyah!"

[Sunday afternoon Closing Circle to share our experiences, Love, and gratitude,
and to release the Etheric Crystal back to the Lake Portal.....]

WHAT TO PRACTICE FROM THE 2017 CRYSTAL CONFERENCE:

0. Always begin your work by
 - Clearing your field
 - Making sure your aura is at 100% Light in a 5th Dimensional frequency
 - Entering our Holographic Sphere and greeting the Great Beings within it
1. As wayshowers for humanity, you must now work with great precision.
2. Recognize the Dispensation you were given in January, 2017, to do this work.
3. You have to drop many perceptions of yourself as the individual, because the 7th Dimensional Template is all about Collective Christ Consciousness.
4. DROP TODAY this perception of masculine/feminine energy.
Drop the concept even of Divine Feminine/Divine Masculine.
We'll temporarily replace it with the Yin/Yang concept.
But really we will replace it with the concept simply of "Divine"
You are only defined by your Divinity.
5. Even though you may see disruption in the world, do not get caught up in the chaos. Be who you ARE! Lead your life in perfection of a Light Being, pure Christed Energy. Reflect on what we have created during the conference,
focus on what is right in the world and many loving, helpful people along the way, Trust that the negative is falling away out of this world.
6. Put your attention into our Holographic Sphere, our Bubble, and draw from it the strength, energetics, and resources that you need, especially if you are disturbed at any point in your daily life. Take time and withdraw into this Bubble and reset yourself to the higher frequencies.
7. Practice accessing, through the channels that have been opened, the Knowledge of the Blue Crystal, as its Blue Light shines brightly.
8. As we did outside on Saturday afternoon, feel your feet on Mother Earth, ground into Mother Earth, and with the Inner Earth communities and the full Collective of our Holographic Sphere, project the massive Collective Light of Christ Consciousness into all parts and dimensions of the Earth, all communities within and on the surface of Earth, and into all the Kingdoms, so the Elementals can now create a higher frequency, exquisitely beautiful Earth for all Earth Beings to live in.
9. Continue to implant the Law of One we committed to, on Sunday morning, into the grid of the Earth, so it once again becomes the consciousness of the fabric of our world. Do no harm to others and do no harm to yourself on any level – but live in the benevolence of Christ Consciousness.
