

Note: Only important points from the usual loving introductory comments are transcribed, in a little different order on paper than it was given on the call. The full intro is on the recordings. Our facilitators tonight were Joan, John, and Melainah.

[Conference Recordings and Transcripts available]

Joan: I would like to let everyone know that the final edits and transcripts are now available on the private 2017 Crystal Conference Page. That's the one where you just enter a username. Not too long ago, we sent you a link. I'll go ahead and post the link on Facebook again, just in case you have forgotten.

This will allow those who were not able to attend the conference to be able to purchase the recordings. You are very much a part of our Collective and will be invaluable as we move forward in the reclamation of our full Divine Image. The recordings and transcripts are \$150, if you wish to purchase them. Please drop us an email, and we will send you a Paypal request. And then we will send you the link to the download of the full conference and the transcripts as well as pre-conference call.

[Our Call Schedule for the rest of 2017]

John: Just so that we know what is ahead now, let's talk about our schedule for the next six months:

July and August will have one session apiece. We are still in the integration stages of what was given to us in the conference. And they have suggested that we review the recordings and transcripts as well as work with the information and energetics of the sessions of July and August.

Now, because of this, September, October, and November will have two sessions each. And then, we will finish the year with a final wrap up in December.

With the breadth and depth of the information and energetics, it is important that each of us devote time daily, if possible, to use the information and energetics for ourselves personally. We cannot wait until just a few days before a call to make a review. We need to apply and use these massive Templates that we have in our possession.

[Our August 8 call will be a special Earth service call for the August 21 Eclipse]

John: Our August session will be centered around a special Earth service. We have been asked to create a special spot for the upcoming potent re-alignment of the Solar Eclipse on August 21.

This group has been instrumental in creating various states of consciousness in the work we have been doing the last two years. The Time Locks in 2016 and 2017 were important markers in our evolution as well as the evolution of Earth and all of Humanity.

We took the 5th, 6th, and 7th Dimensional Light Templates into our physical bodies as well as our consciousness and brought our bodies into a 5th Dimensional state. We altered our spiritual consciousness as well as our body's consciousness.

We are very prepared to do this service now for the energetics that will be transmitted to the Earth during the Eclipse, because we hold this in our bodies very stably. We are very excited to embark on this service when we meet in August and hope that you can all join us.

[The Triad's comments about our group]

John: The Triad would like me to mention a couple of points that took place during our last couple of get togethers.

First, you have put together a very close knit group that is able to create some absolutely major breakthroughs. And we should all be very pleased.

And, because of the quiet and secluded area, which we just talked about, that was available during the conference at Queen Wilhelmina, we were able to find out a lot more about each other and complete a wonderful bonding exercise. This has made us a very dynamic group, capable of accomplishing some very special things.

The Triad is very pleased and amazed at our new level of potential.
