

Melainah:

I enjoyed everybody's comments tonight. The communication channels, I will tell you, leading up to the conference and since, my own personal ones, I feel like are just wide open, too. I think that's going to expand even more as we go through the remainder of this year.

For tonight, just a couple of little quick things.

[Reminder our Cryastals and Andaras are 12th Dimensional Touchstones]

First, the Andarans and the Luminaries asked that I remind everyone about those Andaras and those Crystals that we took with us on the Journey to the 7th Dimensional Time Lock. Wanted to remind you that those were encoded by them at that 12th Dimensional frequency. They are wonderful touchstones, when we need a reminder of who we are.

[Holographic Sphere Information]

And, I wanted to give you a little bit more of the background information on the Holographic Sphere and add a little bit more to what Gabriel had said. And it's just more for an FYI. And this is a little bit more about the how and the why we will be utilizing it in the classes.

So, once we built the Sphere originally, the Triad immediately saw how beneficial it was going to be in holding the Group Coherency stably. And that's one of the reasons they wanted to keep it in place for the classes. And then when all those Great Beings did join us, as Gabriel has shared, it was originally thought they would remain with us only thru the conference and then they would withdraw.

However, several things occurred:

1. With the assistance of these Great Beings, we still exceeded the expectations of how stably and the ease that we moved and maintained those higher frequencies as a Collective.
2. And then with the commitment that was made and the subsequent opening of that 7th Dimensional Time Lock, it was determined that if the Beings of Light would join us in the Holographic Sphere when we come together as a Collective, the Triad believed it could provide an opportunity to accelerate the timeline – which is very exciting!
3. So those magnificent Beings, who are in loving service to us and the Earth, our Solar System and Beyond, agreed to remain and be present with us in this Sphere.

So, this Holographic Sphere holds the Integrity of this Entire Collective. And it helps us to maintain that more refined frequency range as needed by the Group when we come together, but also to each of us as individuals.

And again, before we enter the Sphere, we want to be sure that our frequency is brought up to no less than that 5th Dimensional space. And if you're going into it on your own, and you've got something going on in your personal life, bring your vibration up, proceed inside, and then try to deal with it from the 5th and 6th Dimensional space.

And the Triad has assured us that, as Overseers, there will be no contamination. They will be sure there is no contamination and that the Sphere remains coherent and that the original frequencies are not disturbed.

So that is just a little bit more about the Sphere that hopefully will be helpful for you.

[Seven Light Packets in DNA]

You know, last year in the 2016 conference, actually in the pre-conference call, we accessed those sets of Light Packets. And that's another one of those things that we've asking for more information about. And they really haven't given us too much. Now they've given us just a little bit. And I'm kind of calling this a preview of things to come.

The seven Light Packets are in fact a huge Template that was broken down to seven individual Packets. They are states of consciousness.

Each Packet relates to you personally as an individual. But once they become more available and more usable, they have a Collective purpose that relates to the Mastery of the entire Collective.

So, we are moving out of the genetic lineage of the body. And the next focus will be on the DNA strands that relates to you as a Divine Christed Image, way beyond your physical lineage.

We will be discovering the imprinting and the coding with the knowledge of who we are beyond this body, by learning to operate in our Mastery with Wisdom.

And all of this relates to the new 5th, 6th, and 7th Dimensional Light Templates that were retrieved this year.

All of these things and more are being made available to us as a result of the commitment that was made.

So, very exciting times ahead, for us to see where we are headed.

Thanks!
