

Greetings, It is I, Gabriel.

I am delighted to be here with each and every one of you, this evening.

So, as we gather in our Collective Consciousness, let us gather in that beautiful Sphere of Consciousness that we created together at the Crystal Conference. This Sphere of Consciousness is invaluable to you at this time. There is much turmoil on your Planet, on all fronts, for there is a great cleansing and a great change in the vibration of the Planet itself. So, it is a very important step that you take now in remaining conscious.

And to facilitate that, Dear Ones, we urge you to use a Sphere of Influence that is always available to you. And that is this beautiful Sphere, this beautiful Crucible of Collective Consciousness that includes you as a human expression of that Collective Consciousness, we Archangels, the Ascended Masters, the Lords of Light, the Elohim, and most importantly recently – the Sirian Archangelic League, the Arcturus Collective, and the Pleiadian Consortium.

So, take a deep breath. Acknowledge this vast Collective Consciousness of which you are a part. And greet each other in full conscious awareness.....

Feel the Presence of this vast community of Christed Beings.....

Feel the Unity that is present.....

Feel the Love..... the Element of Love.....

Feel the warmth..... and the caring..... [Pause]

This Crucible of Consciousness is always available, but it is most potent when we gather together with you in a more physical way, such as on these conference calls. The energy is very palatable. And you can draw from it into your individual Christed Essence very easily. You recognize your Christed nature in this Crucible. There is never any doubt... any judgment... just pure Love, pure Light energy.....

This is a state of consciousness that you will grow in this coming year. And you will begin to know it intimately.

Now, take a deep breath and in this state of consciousness, let us begin our session this evening.
