**Use of our Seating the Divine Image Facebook page:**

Now, let's discuss our use of the dedicated Facebook page that has been set up just for the use of this group. First, let's address the postings that a lot of you have put up on this site. Most of the information shared is very useful and very interesting, so that's something that should obviously continue.

But the main reason for this private site is to communicate with the rest of the group what is going on with each other. We would like you to share what is happening with you as you work through the process and run into issues or make breath-throughs. Then we would like you to share your ideas as to how you could help each other in this important journey.

This site is meant to be interactive and needs to be used by everyone in the group to assist in helping the group reach its full potential. Now, our Guides have made it very clear that they would like this group to become very inter-dependent on each other. But, of course, we need to have everyone to join in, not just a few.

So, I know that sometimes people are a little concerned about making a comment or even on some of these calls speaking up. But, we need you to do that and jump on board and don't be afraid.

Now, let's just move on to a little short review of our last session.

**Review of last session, #12, on 08-08-17:**

1. First, Gabriel mentioned that we can always return to the Crucible that we created at the conference and can then draw from these beautiful energies that were created.

2. He also mentioned that we need to recognize the Element of Love, that is far beyond any emotion.

3. Next, Metatron made us aware that, as we meet in this Crucible, that we are gathering in the overlighting expression of the 9<sup>th</sup> chakra

4. Next, Metatron made us aware that, as we are going to go forth past the 9<sup>th</sup> chakra, that he wanted to discuss the Lion's Gate that this year is super important because of the work we did at the conference to open the Gate to the Sirian Star Gate.

With the Solar Eclipse on August 21, we are now able to communicate with the Sirian Archangelic League.

Many of us used the Sirian Star Gate as well as the Pleiadian and Arcturian Star Gates to embody on Earth.

5. Metatron then introduced us to a noteworthy member of the Sirian Archangelic League known as AN RA TA. Now AN RA TA stated that now is the time that they have chosen to develop a closer relationship with us. They feel we are ready.

6. He told us that we play a significant role in connecting with the Beings of the Andromeda Galaxy, so that they can project a more viable Template of the lost Christed Images.

7. He also informed us that the Pleiadian Consortium created the original blueprint of the human body, with 12 strands of DNA to resonate with the 12 Dimensional frequencies of Earth.

8. It was also explained how, during the great fall, that our Central Sun and Earth were thrown out of their normal orbit and our Central Sun migrated to the Pleiadian star system. It was then known as Alcyone.

9. There is another Central Sun that is part of the Sirian Star system, and it contains the pure Christed Consciousness at the vast Spirit Level.

**Review of last session, #12, on 08-08-17, cont'd:**

10. AN RA TA then guided us in a meditation to set an energetic template for humans in a body to continually draw from.

This was created from the Unity Crucible that we created at the conference. This Holographic Sphere was filled with Christed Light and many Beings from the cosmic realms of Source Energy, as well as ourselves, the Collective Consciousness of all three Star Gates, the Inner Earth communities, the vast Angelic Realm, the Master Realm, the Lords of Light, and the Elohim.

The Sirian Star System and our beautiful Planet Earth are now conjoined.

11. The Pleiadian Star Gate holds the Christed expression for the physical level and the Sirian Star Gate holds that vaster Christ Consciousness related to Spirit.

12. AN RA TA then explained that many Beings in Arcturus are hybrid Beings: part Angelic/part Human/part Sirian/part Pleiadian.

13. As we continue to receive knowledge and more refined energetic Light, we will be able to model a more complete Christed Image for Humanity on Earth.

These developments will not happen as quickly as you might desire. But, by staying in a receptive state, you will not desire any acceleration that does not coherently represent Christ Consciousness in its perfection.

All I can say is that that was one of the most amazing communications that we have had in quite a while. It was, to me, quite phenomenal!
