

Greetings, It is I, Gabriel,

I am delighted, as are ALL of the Archangels and the Ascended Masters, to be together in this grand Collective Consciousness, this viable Crucible of Consciousness that we meet in regularly. Not only is this Crucible filled with the Presence of we Archangels and Ascended Masters, but there are Great Beings from the three Star Gates that were opened and an influx of the Andromeda Energies that are also present within this Crucible that we have created together.

Now, I'd like you to take a deep breath, and as you exhale,
become very centered in this moment...
relaxed...
filled with the Light that you ARE...
in your Merkaba field, spinning at 100% Light.....

Be in this grand Crucible of Consciousness,
filled with the Light of the Holy Spirit.
Notice the Energetics of this Crucible:
Every member is a viable Presence within our Crucible,
creating a unique, harmonious concert of invaluable, individual expressions...

The Power of this group energy is very dynamic.
It's not all about Power;
It's about the Brilliance and Radiance of the Light that this Crucible emanates...

And when you are in it, you are revived, you are uplifted,
and you shine to the fullest extent...
of who you ARE as a Light Being – a Christed Light Being.

So, just let us sit together for a moment longer in this beautiful, beautiful environment...
[Pause]

Now, take a deep breath...
Be very present in the moment,
and let us continue with our meeting.....
