

**Yeshua:**

Dear Ones, this has been a delightful gathering. We are so excited about each and every one of you participating. Much has been gleaned this evening in regards to knowing the energetics, feeling them, using them, being aware, not relying on the rational mind to explain things but actually experiencing them.

So, with that, I would like to guide you in a little service to Mother Earth.

So, if you'll take a deep breath.....

Be in your Merkaba field at 100% Light...

And just enjoy this beautiful Collective environment of our Crucible  
in your Merkaba vehicle.....

Now, I would like you to direct your Merkaba vehicle into Earth's Merkaba field/vehicle.  
And enter that Earth Merkaba field of Light.....

Uniting your Christed energy with the Christed energy that is present within Earth,  
in that Christed Matrix,

Emanating your 100% Christed Light into Earth,  
infusing Earth's Merkaba field with that Christed Imaging.....

Each one of you has that Divine Christed Image.

And relating that very concisely to Mother Earth

in Gratitude to the Elementals

for creating such a beautiful environment to experience your individuality in form.....

Feel the Beauty and the Love of these two united fields of vast Christed Energy.....

[Pause]

Now, very gently disengage from Earth's Merkaba vehicle...

And navigate in your Merkaba vehicle back into our Sacred Crucible...

and unite with each and every Being within our Collective Crucible,

Heart to Heart, Soul to Soul,

nourishing yourself, revitalizing yourself,

and contributing your individual Christed Image to the Collective:

Pure Christed Light.....

Pure Unlimited Love.....

[Pause]

In great Gratitude, we close our Gathering.

Blessings, Beloveds, Blessings!
