

[1:41] Greetings, Beloveds, it is I, Gabriel,

I come this evening within the Undifferentiated Light of Source Energy, that I carry very coherently within my energy field. And I share it with you.....

So now, if you will take a deep breath, and
begin to direct your energy and your attention into your Sacred Heart Consciousness

Breathe in the Light and the Love of Source...
Acknowledge the Divine Image that runs through each and every one of you...

Direct your attention into that beautiful Crucible of Light
that you created at the Conference
and have continued to use often...
connecting in with each individual expression in this group:

Be aware of the Presence of
we Archangels...
the Ascended Masters...
the Lords of Light...
the Elohim...

Be aware of
the Arcturians,
the Sirians,
and the Pleiadians...
the Andromeda Collective Consciousness...

This Crucible is filled with the Divine Presence of each and every consciousness,
each and every individual expression of that Divine Image...
Feel the expansiveness in the energies of this dynamic Crucible of Light,
where there is always Unity and Love,
expressed in a very dynamic way.....

Feel the Light...
Feel this Energy that permeates every level of your Being
and is shared with every consciousness that is present.....
Receive from these consciousness expressions
as you transmit your Light into this Crucible –
Receive their Light that is given in great Love.....

In this unified state of consciousness,
become very present in the moment, as we begin our meeting.
