

Greetings!

It is the Collective Consciousness of the Lords of Light. Lord Metatron comes to the forefront to be the spokesperson for this Collective.

This meeting is the beginning of something quite spectacular that you will be co-creating with us. We are very excited about the potential that can gradually evolve from these meetings. They will be unlike anything that you have experienced previously. The evolvment of this group energy will take time. So we ask for your patience and we ask for your continuing participation.

A level of trust has to be built within this community. And that can only happen as each individual trusts and steps forward to offer what they know or ask questions that can lead to something very significant in your creations, in our co-creations. We have noticed that you took our invitation seriously to co-collaborate, so to speak, to write down your experiences and share them and post them, even though you may not know how those written experiences help others in the group, or invoke a thought process that helps an individual come to a much broader sense of themselves or in what is occurring now in these many changes on Earth. We want to thank you for taking our invitation so seriously and responding as you have. For this is what it takes to build the community coherence that is necessary.

It's important to focus now, in the coming months, on those expanded 5<sup>th</sup>, 6<sup>th</sup>, and 7<sup>th</sup> Dimensional Templates that were retrieved at the conference in June. The 3<sup>rd</sup> dimensional physical density has been altered because of it. The 4<sup>th</sup> dimension was able to open a gateway for the changes that must occur for the 5<sup>th</sup> Dimensional form to replace that dense 3<sup>rd</sup> dimensional physical body of Humans and also that 3<sup>rd</sup> dimensional expression of Earth.

The stable 5<sup>th</sup> Dimensional expression in humans on all levels is transforming your physicality now. There is a massive cleansing occurring throughout the year, this year of 2017, that will remove the vestiges of a 3<sup>rd</sup> dimensional expression in Humans and of the Earth itself. The complete removal of all 3<sup>rd</sup> dimensional expressions will take through 2021. Earth, all of the Elements, and the conscious awareness must be brought up in the Human level of expression of the Light Body Consciousness, not just of 5<sup>th</sup> Dimension, but a usable Consciousness in the 6<sup>th</sup> and 7<sup>th</sup> Dimensions.

This alters the DNA substantially and initiates the Dimension. This alters the DNA Strands and activates more Strands, so the body becomes the full expression of multi-Dimensions.

Our main focus in the next three months will be on stabilization of the 5<sup>th</sup> Dimension in the body and also the Earth. We will also include a more coherent communication with Beings of the three Star Gates that were opened. This is important to recognize, because valuable information and energetics can be received from these Star Systems in regards to the physical blueprints of the Christed form as well as the Consciousness of the 5<sup>th</sup>, 6<sup>th</sup>, and 7<sup>th</sup> Dimensional Light Bodies and the full expression of that Light Body.

This will create a fuller Consciousness of the individual's Spirit and allow it to enter the physical body to a greater degree. This enables the Soul which has a need to experience physicality as an individual and the Spirit that has a Divine Collective agenda to co-habitate in the Human body, thus raising the consciousness of the Human form itself. This entire process must occur simultaneously within the Earth, so the Earth is raised to a level of Christ Consciousness and produces a coherent environment for Humans to expand their creative abilities at a multi-dimensional level. This is why we are creating this very specific Collective dialogue each month.

The Solar Flares that are escalating in their intensity are altering the electrical as well as the magnetic energies of Earth. These charged flares also alter the Human body's energetics. They stimulate the electrical system of the neurology of the body and alter substantially the functions of the brain. The magnetics affect the emotional body and help the emotions to function in a refined expression, in a very coherent way.

These Solar Flares contribute to the sun's ability to start magnetizing the more refined expressions from the Central Sun. The Central Sun, as you know, was divided into three levels of expressions at the fall of consciousness. Two levels were removed at the final cataclysm and the 3<sup>rd</sup> dimensional physical expression remains. The 12<sup>th</sup> Dimensional expression is being held in Alcyone in the Pleiadean Star System. Earth's spiritual expression as a conscious Christed Planet resides within the Sirius Star System. The change in the Earth's magnetics allows the Earth to start drawing the magnetics of the entire Central Sun expression. This will eventually alter the physicality of the Sun itself. These things are being orchestrated at a cosmic level. And the entire process is overseen by the Lords of Light.

We will talk about the 5<sup>th</sup> Dimensional expression of the body that will take place within the next five years in our next session. We will talk about the two Strands of DNA that have been activated because of the expanded abilities of the 5<sup>th</sup> Dimensional Light Template that was recovered from the Time Lock. Another opening of the 5<sup>th</sup>, 6<sup>th</sup>, and 7<sup>th</sup> Dimensional Time Locks activated the seven Light Packets that were placed in various DNA Strands and chakras.

It is important that everyone in this Collective begin to focus on how they are able to assist the body to shift out of its 3<sup>rd</sup> dimensional frequencies and vibrations, so that you can facilitate the creation of a physical body that is physically, mentally, and spiritually in fully alignment with the 5<sup>th</sup> Dimension as well as the 6<sup>th</sup> and 7<sup>th</sup>. This is what's needed for every one of you to navigate as key creators in the next five years.

The ability of being a skilled creator comes from the Collective Consciousness of the All That Is. You are part of this Consciousness, but, unfortunately, you have forgotten. It is the duty of the Lords of Light to assist you to remember what is needed now.

This is why we are showing you in many different ways what Collective Consciousness is. We have just begun to help you create a group interactive gathering each month. We will do this by creating a container or structure. This structure is not rigid but very fluid, in keeping with the energies of 5<sup>th</sup> Dimension. It will grow and expand, because there are infinite possibilities that you as individuals, individual Divine expressions within this Collective Consciousness, will co-create.

We will start with a very simple container. And through your interaction and ideas, this structure will be expanded. Every comment, every question, every awareness is important. These must be voiced and shared for us to create what is needed.

We will start this evening with two questions to be put out within the group for group discussion and dialogue. They will help you get your feet wet, so to speak. It's important for as many as are able to respond and comment, not just commenting or responding for yourself, but also to complete the dialogue, to comment or respond in some ways to another's comment or questioning. This is how we stimulate group interaction, but it requires of you the willingness to do that interaction.

There is trust that develops from the individual level all the way through the Collective. You learn by participating in these types of venues that you can be both an individual and the Collective Consciousness itself simultaneously.

Some time back, Master Kuthumi said to you, very wisely, "It's not in the searching for knowledge, acquiring knowledge, but it is in the experience that you will know." This is so for these types of group dialogues, gatherings, and co-creative events. You are in a learning process. You are in a creative process that can be unlimited. There is no limit to what your vision is or your imagination, when it is shared within the group and then built upon within that group dynamic.

So, here are the questions for this evening:

- What changes are you aware of in the way that you process thoughts and emotions of your mental body?
- And the second part of that is -- How has this affected your physical body? What have you noticed?

So, we'd like to open this now for your discussion and then we will also discuss with you after the group discussion has been completed.

[This was followed by a group discussion, which was not transcribed, but the recording is available for you to re-listen to.]

The final part of the discussion, which included Lord Metatron as spokesperson for the Lords of Light, and which to some degree was a Q&A discussion, has a separate transcription.]
