

Seating of the Divine Level 2 Session 18 Discussion

Lords of Light suggestions for discussion

The 3rd-dimensional physical body greatly limits the individual's ability to recognize themselves as part of Spirit or Source. Source Divine energy is totally unified in its expression all the while having many iterations and expressions as creation takes place in form. This is important for everyone to recognize. We planted seeds of awareness and directed your attention to the presence of the Holy Spirit and the awareness of the Holy Spirit as you, the Divine Image.

We have presented the opportunity for individuals to explore further their Divine Image that is unrelated to gender of the body but yet recognize the many iterations of Source energy. This is not something that you seek out. It is something that you have to get to know through the presence of the Holy Spirit that is within you. You are the Holy Spirit exemplifying yourself in an individual form that creates.

We Lords of Light are stimulating an awareness of what is now built into your energetic system. In your Sacred Heart you have the presence of the Divine Mind through the descension of the 8th chakra into the Sacred Heart. You also have the Holy Spirit Christ Consciousness within the Sacred Heart. As you develop this state of consciousness in your awareness, it is present continuously. You are not having to go to it or direct your attention to the source of it to retrieve it. You totally embody it.

We would like you to discuss your experience that you had since the last call. We would like you to discuss how you were able to integrate the concepts and energies. What were your experiences.

Next, move your discussion to the topic of being the Holy Spirit without having to relate it to a gender source. Have Source energy completely functioning within your system and within your total awareness as you express yourself as the Divine Image. This is a practice in which you can start to move away from what is comfortable in the day to day expression of yourself. Notice the difference in these two states.

We will stay present in the channel to answer questions that relate to these topics.

Blessings,

Lords of Light Collective Consciousness
