

Greetings Beloveds, It is An Ra Ta.

I have come here with the entire enclave of the Sirian Archangelic League.

We have entered the bodies of our Beloved Whales of Sirius to be with you at this time, so that you can feel our Presence in your body.

We are encircling you at this moment.

And as we go deep into the waters, we want you to go deep within yourself – into the waters of your Spirit, to receive what is being given to you at this time.

Take our Presence into the waters of your Spirit.

But take it into the waters of your body, so that we may be an integral part of your body, your etheric body, your consciousness, so that you might remember who you are at a Spirit level and never stray from that Knowing.

From this moment forward you must carry that knowledge of your Spirit, the lineage of who you ARE at Spirit level.

You must carry this forth for the remainder of your time on Planet Earth.

You have been chosen to do this for Mother Earth, to raise Mother Earth to her original state, so that she might, too, remember who she is.

You do this for humanity, for humans, to remember the value that they bring to all creation throughout the Cosmos.

So by taking this into your body, into your consciousness, never allowing it to leave again, you are of great service.

And we know we have chosen wisely when we chose you to do this with us.

Blessings!
