

Greetings, It is I, Metatron.

I am here as the Overseer of all of the physical realms of the Cosmos and the transformation into full Christ Consciousness.

Much has been accomplished in this last year by this group. And your ability to hold the refinement in your chakra, in your body, is amazing at what you have done in three short years!

This evening I want to talk to you further about this 11-11 anniversary. We discussed, Master Kuthumi discussed with many on that auspicious day of November 11 what that marked as an anniversary of bringing back the Christed Matrix to Earth, even though it wasn't activated. Many on that call were inspired. Of course, you have heard all of that before and had worked very diligently to help that Matrix get activated deep within the Heart of Mother Earth and within your own Sacred Heart. So, we felt that it was very important that we discuss further with you this Cosmic Gateway that opened, because you have the awareness, you have the consciousness to understand it at a very deep level.

In seven years, this last seven years that have transpired since that return when Yeshua, Lord Maitreya, and Sanat Kumara together brought that blueprint back to Earth -- there was so much excitement within the Creative Realms, as the aspect of that blueprint being returned and what that meant to Earth, what it meant to the Solar System and to the entire segment of the Milky Way Galaxy.

But, as you know, it meant even more than that, because as Earth is able to transition back into its 12<sup>th</sup> Dimensional state, it affects the entirety of the Milky Way Galaxy and surrounding Galaxies. It affects the Universe.

So, this is a very exciting time. And very gradually, Beings such as yourself, who have held and expanded their awareness of Christ Consciousness – that slow activation of the Christed Matrix has begun to come online. And there have been many, many changes within the Crystalline Grid of the Earth, but within individual creators such as yourself.

Also, it was not just limited to humans on the Earth. But it extended far and had far-reaching effects on several Star Gates that you are familiar with: the Sirians, the Pleiadians, and the Arcturians. They came to the aid of humans on Earth, to stimulate awareness, to transmit back to Earth, back to humans, that Christed Matrix.

But now, at 11:11, when that Gateway opened, a new iteration of humanity was activated -- an iteration that was based in Christ Consciousness. It was an iteration that was very expansive.

[6:39] And because this beautiful group of humans have gathered together in the last three years to alter, to help the Archangelic Realm alter the grid, the Crystalline Grid, that held all of that information and was contaminated – you were instrumental in unlocking Time Locks that had been locked away for millions of years since the fall of consciousness. And within those activations, a new Christ Consciousness was born on Earth.

So, it was important that we celebrate and mark this date, because there is a new time sequence that has come into being, another seven-year increment, where significant changes will be made. You think that what has happened in the last three years, the last seven years, was awesome, was expansive, and brought you into a state of consciousness that you never were aware of. You cannot imagine the movement that will occur in the next seven years.

And you will be part of that movement. Every one of you that has devoted their time, their energy to developing a more amplified expression of their Christed nature will be part of this escalation and this amplified expression of the Christed Matrix. You will bring it out of a 5<sup>th</sup> Dimension, and you will move it and join it in the 6<sup>th</sup> and 7<sup>th</sup> Dimensions. You will come into an awareness of an 8<sup>th</sup> Dimensional State of Being, before the end of these next seven years. You will have an awareness of Self that is quite different from the awareness that you sit with in this very moment. It was important that I bring this to your attention, of what is yet to come.

And this next seven years will not be near as intensive nor as difficult as you have found some of the changes that you were required to make in the last seven years, because you have worked diligently and you have altered your ability to receive and to utilize all of the Teachings and the Energetics that we transmit to you. Some of these holographic projections, that we have utilized to teach you and to download certain Energetics into your body and into your consciousness, will come in great blocks of Energy. There won't necessarily be concepts that you can process through the mind, through the brain. But it will be Energetics that you will just absorb in your body.

And as you navigate your daily life, those Energetics will set the stage for you to enter into a complete unified expression of yourself in 5<sup>th</sup>, 6<sup>th</sup>, and 7<sup>th</sup> Dimension. You won't even give it a second thought. You won't be dwelling on, "Am I in 5<sup>th</sup> Dimension? I have to hold this 5<sup>th</sup> Dimensional frequency!" You will hold a multi-dimensional frequency. And you won't have to have explanations of what that is. You will know it. You will feel it. And your body will become accustomed to the refinement that is being positioned through your chakra system, but most importantly, through your entire energy field, that will be very unified within this complexity of you as a multi-dimensional Being.

There will be no doubt, as the progression takes place, that you are Christ Consciousness, that you are a Christed Being. You will know it, as you know your name, when your name is called: Mary, John, Joe, Anne... You will know. And there will not be doubt. You will not struggle. You will very easily move through these next seven years.

[13:49] Sunday evening, many on that call had not heard of the Sirian Archangelic League, or of An Ra Ta, the Great Being of Light that facilitates the transmission of that Solar Energy, the transmission of a Field of Consciousness that is so important in this progression in the next seven years.

The Pleiadians that thus far have shown you what a 5<sup>th</sup> Dimensional body looks like. But as you embody that and you begin to embody this 5<sup>th</sup>, 6<sup>th</sup>, and 7<sup>th</sup> Dimensional state of consciousness, YOU will transmit to them what that looks like! What a Christed body is beyond 5<sup>th</sup> Dimension, and beyond any Dimension. So, just as they have transmitted to you, at the end of this next seven years, YOU as humans will begin to transmit back in gratitude for what was given to you in the last seven years. And the same goes for the Arcturians, because there are many hybrids in that Star System: part human/part angelic. But as the human Christed expression, you will show them the expansiveness of that, so they too will integrate it at those more refined levels.

This is what lies ahead, because that Gateway was opened on that anniversary.

There was a lot of doubt from the Community of the Great Teachers of Light – the Lords of Light – when that Matrix was returned in 2011, November 11, 2011. It was an experiment. We didn't know, even though it was placed very precisely in the Heart of Earth and then in the Heart of all the humans, whether it would have to be removed again, because it couldn't exist in 3<sup>rd</sup> dimension for very long without contamination.

That doubt was removed after 2012. As you entered 2013, many things changed. And we could see that many humans were on board to support the anchoring of that Matrix. And we moved forward to ensure that you had the Teachings and the Energetics that would continue that activation. And you have proved to us your suitability for this task.

So, it was important... that I come now to make you aware of the expansiveness and the Cosmic repercussions of this event this past Sunday. It continues to have Cosmic repercussions. Not only were other Planets, other Star Systems affected. Many in the Master Realm received huge influxes of Light that altered their Mastery, just as you have been altered, and your Mastery continues to grow and expand. So too, at that Master Realm level, the evolution continues.

So, here again, as they transmit to you as they teach you, as they show you from their own Master experiences, you now are beginning to show them a different picture of a new evolution of the human.

[20:05] This opening brought an influx of the Love Element, the energetics, the Creative Energetic of Love, that so encompassed the entire region of a Cosmic Realms in close proximity to Earth, that it has altered many Planets, many Star Systems, as well as the Masters. They received a new increment of that Creative Element of Love.

So, you will notice in some of them now, as they interface with you in their teachings and their guiding of you -- they have still much to show you – that their energetic complexity has shifted and expanded, as has yours. Because even though many of them no longer have bodies, they were... they ascended from the body of a human. They know what it's like in the dense realms of a fallen consciousness.

But you will notice, they have a much more vibrant, expanded energy field. And you will begin to notice that in yourself, because they will reflect that back to you.

So, these are the things that I wanted to talk to you about.

And before I go on -- because there is a significant piece here that we Lords of Light wish to give to you this evening to anchor this new evolution of Christ Evolution in your body and in your energy field -- so, before I do that, I want to open this up to comments and any questions that have gone unanswered that you would like to have more clarity on.

I think there's very little that you do not understand. But there might be some places here and there where you would like a little clarification.
