

**SOME HELPFUL “CLIFF NOTES” ON STAR GATES FROM STEPH ANDERSEN**  
**applying Colors to the material in a way that highlights various interactions**

Sorting this all out:

Reconnecting with our Central Sun Alcyone and the Pleiadian Consortium will make being *in the body*, while doing this work, a lot smoother. Ahhhhhh.....another shiny bit! They created the blueprint of our 12-strand-DNA form which resonates with the 12D frequency of our Christed planet in form, Earth, both resonating and transmitting Christed Consciousness to the entire Milky Way Galaxy.

And connecting with the Central Sun within Sirius and to An Ra Ta, from the Sirian Archangelic League of Light, will open up a Christed Knowing from that *vaster Spirit level*.

And to know that the Arcturian Confederation has used these resources for quite some time and is very evolved through the 7th D, with hybrid beings, who can *model for us a more complete Ascension*.

And all 3 groups connect us to the Andromedans who project activations of our *Master Imprints*, those lost Christed Images, so we can again create form within form.
