

## **SUMMARY OF METATRON'S MAGNETIC 7<sup>TH</sup> DIMENSIONAL PROCESS OF CREATION**

### **A. IN A 5<sup>TH</sup> DIMENSIONAL STATE OF CONSCIOUSNESS, CREATE A VERY PRECISE INTENTION INFUSED WITH THE ELEMENT OF LOVE AND UNITY CONSCIOUSNESS**

(1) Create a 5<sup>th</sup> dimensional environment and don't create unless you are in this space.  
Keep your personal Merkaba at 100% and pay attention to your frequency range.

(2) Create a very, very precise intention and infuse it with Love and Unity Consciousness:  
You may want to create a triangle with the intention in the center,  
the bottom leg holding a foundational energetic support for the intention  
and the other two legs carrying energetic support for the bottom leg.

To receive information on what triangle to create, you may want to put your attention point in your Merkaba in the infinite space of possibilities between the two stationery spheres which are outside the three spinning Star Tetrahedrons

If you are clearing something, have you found the root cause underlying the issue?

If you are clearing, what creation will you replace what you are clearing with?  
Does your Intention need to be adjusted or made more precise?  
Infuse your Intention with the Element of Love and Unity Consciousness, which you can draw from the White Star Tetrahedron of your Merkaba

### **B. DRAW INTO THE 6<sup>TH</sup> DIMENSIONAL INTERFACE AND COMBINE**

(a) THE 7<sup>TH</sup> DIMENSIONAL TEMPLATE OF LIGHT RETRIEVED AT THE CONFERENCE  
(b) THE NEW MAGNETICS FROM SOURCE SEATED INTO THE CRYSTALLINE GRID  
(c) YOUR TRIANGULAR INTENTION INFUSED WITH THE ELEMENT OF LOVE & UNITY

(3) Access the 7<sup>th</sup> dimensional template of Light and draw it into the 6<sup>th</sup> Dimension

(4) Next, call upon the 10<sup>th</sup> Ray of Creation:  
Bring the portion of this Ray dealing with the Undifferentiated Magnetics of Source into the 7<sup>th</sup> Dimensional Template of Light retrieved at the Crystal Conference and then draw it through the gateway available in that 7<sup>th</sup> Dimensional Template and into the 6<sup>th</sup> Dimensional Template of Light.

(5) Draw your precise triangular Intention into the 6<sup>th</sup> Dimensional Template of Light

(a) Infuse your triangular Intention with the 5<sup>th</sup> Element of Love & Unity Consciousness from your White Star Tetrahedron

(b) Draw this triangle of Intention into the compressed 7<sup>th</sup> Dimensional Light template which is now in a compressed state in the 6<sup>th</sup> Dimension

(c) Infuse your triangular Intension with the compressed Magnetics which are now in a compressed state in this 6<sup>th</sup> Dimension,  
(These Magnetics stabilize your Intention in a fluid manner easily altered at any time, and these Magnetics draw to you what you are requesting)

**C. PLAY WITH THE 6<sup>TH</sup>, 5<sup>TH</sup>, AND 4<sup>TH</sup> RAYS OF CREATION, THEN PUT IT INTO EFFECT**

- (6) Now move into the 6<sup>th</sup> Ray of Creation your triangular Intention which is combined with the compressed Light & Magnetics, the Element of Love, & Unity.
- (7) Become aware of all the infinite possibilities in the 6<sup>th</sup> Ray of Creation and of detailed ways to put this Intention into effect in your daily life on Earth.

(In doing this part, you might sometimes find a need to revise your Intention also! If that were to happen you simply loop around and redo the process with the revised Intention.)

- (8) Then bring the possibilities for implementing your Intention into the 5<sup>th</sup> Ray and organize and make these possibilities precise and coherent. You may send possibilities back to the 6<sup>th</sup> Ray and/or bring in more from the 6<sup>th</sup> Ray into the 5<sup>th</sup> Ray work space for organization.
- (9) When you are satisfied with your creation in the 5<sup>th</sup> Ray, bring it into the 4<sup>th</sup> Ray and actually apply what you have created for manifestation in our physical world through the electromagnetic field of the 4<sup>th</sup> Ray, through the electro-magnetics of your body, and the electro-magnetics of the Earth

Applying your creation may involve energy work you do using our tools, requesting assistance from other Beings, and actual changes and activities you must do in your everyday world.

What would be your first step to follow up on this creation?

And be sure to check in energetically on your creation every few days and quickly re-infuse it with the Element of Love, Unity Consciousness, and the Light and Magnetics from Source.
