

JOAN: Good evening, everyone, and welcome to our 12th session of the Seating the Divine Image. We are so pleased to be with you this evening.

JOHN: It seems like only yesterday.

JOAN: I know!

JOHN: Well, actually it was a few months ago, but that's OK.

Well, welcome everybody and welcome back. We sure hope you had a wonderful month and we're really looking forward to tonight's session in particular.

We've just gotten back off of what we call the ultimate road trip and we went through half a dozen national parks and ended up in Oregon to visit our oldest son and his family. He's moved them from Memphis to SE Oregon. And then coming back. And so, we've seen a lot of the country, let me tell you. It's nice to be home.

Now, this evening our format is going to change just a little bit, so that you know what's going on. We'll start with a centering meditation, as always. And then communicate some very interesting new information that we've received. Next, we will have a channeling followed by a Question & Answer session. To finish the evening, we will have a short meditation after that to set the energies for the next month.

[Information on the changes in their website was given, which allows us to have separate memberships in the Seating the Divine Image class and/or the Gridmasters group, which are those who attended the April Hot Springs Crystal Conference]
