

IMPORTANT POINTS FROM THE DECEMBER DIVINE IMAGE CLASS**From Gabriel's Centering Meditation:**

It is important to interface with the Earth's Merkaba field
from your Merkaba field emanating 100% Light.

Your body is altered in your personal Merkaba field.

Because your body comes from Earth, it can easily affect the Earth's Merkaba field
It is important to see the Beauty that you are and that you emanate everywhere you go

From John's Class:

Reflect to the Elementals as well as Mother Earth your Christed Divine Image

Much on Earth is in flux and alteration now,

and the U.S. elections increased the turmoil in the Earth.

But this turmoil is designed to bring to conscious awareness all that needs to be
transmuted in order to bring Earth and humanity into the 5th dimension.

It is essential that members of this group see the big picture behind the U.S. election
and now work together in Love and Unity to use these results to aid Earth & humanity.

This is a process – be patient and help it in its unfolding.

Do not fall into the separation consciousness that has become so prevalent in the U.S.

When you notice an anomaly that needs attention in yourself or in the world,
take appropriate steps to raise it into 5D.

It is very important to maintain a 5D balanced, unified mental-emotional body.

If we do this, we have an opportunity to make huge alterations during 2017.

We are moving out of the 3D linear time sequence into the 5D circular time sequence.

This puts much stress on everyone!

It is very important that we live in conscious awareness of the 5D, 6D, and 7D Templates
of Light that were retrieved in Arkansas

and are now integrated into both our consciousness and our physical bodies.

In this 5D time sequence we now live within, there are many options and ways to create.

Possibilities are unlimited in the 5D time sequence.

It is necessary to carefully choose which options to create in your life.

The 5D time sequence is very fluid, so creations can be changed instantaneously.

It may be difficult for some to feel anchored in this fluid time sequence.

During this time of transition, it is necessary and quite possible to exist in

both the 3D linear time sequence and the 5D circular time sequence.

This is part of being a multi-dimensional Being of consciousness.

Maintain your 5th dimensional awareness and awareness of the 5D/6D/7D Templates

within you even when it is appropriate to create in linear 3D time for the linear world.

Then, when you are not dealing with the 3D world, create from your 5D consciousness,

always creating in the present moment NOW,

even when the creation is to be applied in linear 3D time

The Presence of the Lords of Light is very available to us during these times of turmoil.

From Michael's Message on the 7th dimensional Light Template and 5D Time Sequence

First the entire Collective Consciousness of the Lords of Light came forth
to bring their close Presence to our attention as
they are very available to assist us integrate the multi-dimensional state of 5D/6D/7D.
Then they brought forth the part of their Collective Consciousness we call Michael
who is both an Archangel and a Lord of Light.

Be very cognizant of the energetics the Lords of Light are transmitting to us
both in this call and at all times.

Michael:3D and 5D Time sequences:

It is very important that you are aware you are operating in two time sequences
simultaneously: 3D and 5D.

You create in 3D time when needed to navigate daily life,
but you do this in the consciousness, fluidity, and infinite possibilities
of the 5D circular time sequence of present time NOW.

As you do this, you become aware you are a multi-dimensional Being who can operate
in more than one dimension simultaneously.

The 7th Dimensional Template of Light:

You have only retrieved at this point one of many Templates from the 7th Dimension
You will be retrieving more that you will hold in your physical body
These 7D Templates are what will change the world!

The 7D Template that you now hold brings to you the conscious awareness that

YOU ARE PURE DIVINE UNLIMITED CREATIVITY

You have the unlimited potential to create or change any creation instantly
You flow in the present moment and create in more than one dimension
This is an important statement!!!!!!

When you began to experience the 5D time sequence, this awareness became available.
The 5D time sequence laid the foundation for you to access and use the 7D Light Template
because you began to see the importance of the present moment

When you draw this consciousness from the 7th dimension & bring it into the 6D Template
you stabilize these concepts
and make this consciousness available in your 5D world of form
through your mental-emotional body: your intentions, thoughts, and emotions
It is very important to have a very balanced and coherent mental-emotional body

The 7th dimensional Template you now embody limits the interference of the ego which might be afraid to create due to past experiences.

This Template limits your ability to revert to past experiences or future events. This 7D template impacts your mental-emotional body, your thoughts and emotions. It shows you how to think with your Higher Mind, because you are Divine. You now have the availability of some communication with portions of your OverSoul and the ability to apply your creations in more than one dimension.

The 7th dimension is a dimension of pure Light, Sound, and individual expression. It is the last dimension where you can experience yourself as an individual. The 7th dimension is an infinite plane of refinement. It provides full consciousness of the OverSoul and brings you into Unity with your Monad.

You are in transition,
part of the transition team of this particular group Collective Consciousness.
and what you experience affects all in the collective consciousness of humanity,
You are setting templates that can help humans awaken
by your conscious attention and using the 6D and 5D Templates you hold in your body.

The 7D, 6D, and 5D Templates are most effective when used together
(just as the 6th, 5th, and 4th Rays of Creation are most effective used together).
Pull the consciousness of that 7th dimensional Template
and bring it through that 6D Template to make it applicable in the 5D life experience.

Energetic Transmission at the end of the Q&A which followed Michael's Message

Michael stepped back into the Collective Consciousness of the Lords of Light.
And the Lords of Light infused us with a specific set of energetics
until all of these energetics became available to us in our bodies.

These energetics that were transmitted to us at the end of the call
limited doubt in our abilities,
anchored us in that 7D Template of Light that was retrieved,
anchored us in the pure creativeness we are,
helped us recognize that our Spirit is pure and vast,
increased the power, strength, and viability of our creative effectiveness,
and that we are the source of creative form, unlimited in what we choose to create.

[Please see the transcription and listen to the recording of section G of this Divine Image class to re-experience in its fullness this transmission of energetics]

Important Points from the Q&A with Michael after his message and before the final transmission of energetics from the Lords of Light

1. Step out of the mechanics of creating your intentions – you understand those already. Step into the flow of the energetic Templates that you hold in your body and in this creation. Get in synch with the movement of the dynamics of the energetics. It's in feeling it in your mental-emotional body, feeling it in your emotions – how those energetics are flowing & being infused into your creation. Be aware of the Presence of the Lords of Light.
2. Feel the power and the fluidity and the massive flow of the one 7D Template you hold: that you are pure Divine creativity. Then direct this 7D Template through the 6D Template to give it a fluid stability and the Source magnetics that attract to you what you are and what you desire.
3. Recognize the power of yourself as a pure Divine creator and always use this step-down process of accessing the 7D Template and bringing it through the 6D Template and then applying in in the 5D world you live in. Doing this will eliminate the fears your ego may have about your power and applying your in your creations.
4. In Question 5, an example was given of magnetizing to you what you desire from the Adam Kadmon body or any other thing you can conceive of. For details, please re-listen at 20:16 in Section F of this call, the Q&A, or see the transcription.
5. When working on removing an anomaly, call on the power of the Collective Consciousness that you are part of.
6. When interfacing with the Merkaba field of the Earth, you are intentionally sharing with it the 100% Light and higher dimensional Templates you hold in your Merkaba field.
7. Most important – the intention of this set of teachings is for you to accept the 7th dimensional Template of Light that was retrieved and realize you are pure Divine Creativity. Therefore, you can choose any of an infinity of ways to clear, heal, upgrade into 5th dimension, and create from this 5th dimensional/7th dimensional state of consciousness, stabilizing it and magnetizing it through the 6th dimensional Template of Light and using the 6th, 5th, and 4th Rays of Creation to bring it into manifestation in your 5D daily life on Earth.
