

Hello everyone, this is Joan..... and, this is John.

**John:** Good Evening, and Happy Thanksgiving, Merry Christmas, and Happy New Year!  
How about that – all in one shot.

Welcome back to Session #15 of Seating the Divine, December 6, 2016, our last for 2016.

As you know, we will be starting a Level 2 program on January 3, 2017.

If you are interested in this next series, please register from the link that was sent to you by email. There will also be a new call-in number for Level 2, which will be sent to you.

Now, this new year will be spent working with the Earth by using the Light Templates that we now hold within our physical bodies. Because we hold these templates in our physical bodies, they are more compatible with Earth energies, so they are easily transferred and made more usable. Now when we transfer these four Light Templates to the Earth and the Elementals, the Elementals can then create an environment that is suitable for our Light Bodies to navigate and experience physicality.

Some of the other topics that we will be discussing in the coming year will be the elevation of our consciousness and the consciousness of our physical body by creating avenues to help you hold and maintain refined frequencies of Light. We will engage the Light Body to a larger degree by working with a few more DNA strands.

There is also a new development in that there are immense holographic energetic transmissions that are occurring now through the Andromeda Collective Consciousness. This is very exciting! These holographic Images contain Light Templates that assist in the further activation of the Light Body. We will also lay the foundation for the energetics that will be needed in the 2017 June Conference in Mena, Arkansas.

It will be an exciting year, so we hope you will join us in the next step in our wonderful journey as we uncover more aspects of our vast consciousness.

You might also want to follow up with any of your friends who missed this year's material and have told you they would be interested if we repeated Level 1. We will start the Level 1 program on January 17, 2017. So, if you would like to let your friends know, we would sure appreciate your spreading the word for anybody that would be interested.

Now Joan has a couple of comments that she would like to make.

**Joan:** Well, I just wanted to thank everyone for participating in our Collective Consciousness group this year. I think we've accomplished a lot of things this year, and it would be wonderful for all of you in the coming days, if you would reflect on all of the wonderful things that we have covered and the positive impacts that they had on your life. And, of course, if you wanted to share that with us, we'd love to have you share it and we could post that on the website. I think people would enjoy seeing what your experiences have been this year, as you joined us in our Collective Consciousness.

**John:** Our program tonight will start with a centering meditation with Archangel Gabriel. Next, we will give you some background on tonight's topics. After that, Joan will do a channeling, which will include new information and a Q&A session as well as a meditation to introduce us to some new energies from our teachers.

We don't have a lot of time tonight, but we would like to spend a few minutes getting some comments from you, from the people who aren't really big on writing comments on facebook. We thought we'd open up for general comments and questions about what is going on, how you feel about everything.

Let's talk a little about our June 2017 meeting in Mena, Arkansas. We have been told that the importance of this meeting is to continue on our course to retrieve more templates from the time locks that are needed for the future expansion of our consciousness. It will be a busy program.
