

Well, Beloveds, our time is drawing to a close. But before we end this conversation, I would like to step back into the Collective Consciousness of the Lords of Light and lead you in a guided experience of yourSelf in the energetics of pure energetics that emanate from the Lords of Light and that are now available to you through the interface of that 7th dimensional, vast, vast Light template.

So, if you will get centered in your Sacred Heart, center yourself in your Sacred Heart, in the full consciousness of your Sacred Heart. And begin to feel our Presence, our energetic Presence within your consciousness.....

We are directing precise energetics into your field of experience that now begin at that 7th dimensional level. We have imprinted these templates, these energetics, into your field of experience of the entire Collective Consciousness of this group, so that you now begin to operate in full conscious awareness of yourself as a viable Source of pure creativity, pure creativity in form, creating in form, without limit. Feel the energetics that are now present and available to you – the power and the strength and the viability of your creative effectiveness.....

These energetics that we are now distributing to you limit doubt in your abilities, so that you are anchored in that 7th dimensional Light Template that was retrieved. You are fully anchored in the pure creativeness of you. You are the source of creative form. And you are unlimited in what you choose to create..... You can use this template and these energetics again and again and again. For they, too, have no limit in the way in which they are used and expressed.....

Recognize the beauty of your creativeness..... Absorb these energetics, creative energetics, into every part of your Being -- into your physicality, into the cells of your body, into the mental-emotional body -- so that there is certainty and confidence in the way in which you use your thoughts and emotions to manifest effectively..... Recognize your Spirit that is pure and vast..... [Pause]

Sit in the energetics of these Light Templates and absorb them completely..... [Pause]

Recognize that none of these energetics are outside of you. You hold every Template, every Light Template, all of the energetics that we have distributed to you this evening, you hold it within you. It is now part of your consciousness of your Sacred Heart.....

The infusion of these energetics into your Being is now complete.....

We will now close our gathering, in great Love. Blessings!
