

C-33QOW OW SERIES

FULL RANGE ON-WALL LOUDSPEAKER - 9" SQUARE, 2" DEPTH

(4) 0.75" (19mm) Aluminum Quad Tweeter Array

(2) 3.5" (89mm) Aluminum Woofers

The On-Wall series of speakers is exactly what you'd expect from James Loudspeaker, high quality audio and durability in a sleek, versatile, on-wall design. The C-33Qow is just one of these multi-use speakers. Boasting an ultra-slim design at only 2" this speaker easily integrates into any environment. With the James shallow proprietary woofers, and aluminum dome tweeters, this compact speaker offers silky smooth response across a broad range of frequencies from 22kHz all the way down to below 80Hz. This versatile speaker provides a compact, ultra-slim surround sound system, delivering crystal clear audio with minimal visual impact. It can also easily be used as a standalone on-wall or bookshelf speaker with or without a companion James subwoofer.

The C-33Qow is constructed entirely of aircraft grade aluminum for strength, sonic performance, and durability, and includes a stainless steel perforated grille to provide years of trouble free use. Two blind through holes are incorporated into each speaker for wall mounting.

Size	9.0 h x 9.0 w x 2.0 d (in) 229 h x 229 w x 51 d (mm)
Freq Response	80Hz-22kHz±3dB
