About Joan Lunden

An award-winning journalist, bestselling author, motivational speaker, and women's health & wellness advocate, Lunden has been a trusted voice in American homes for more than 30 years. For nearly two decades, Lunden greeted viewers each morning on **Good Morning America** bringing insight to the day's top stories. As the longest running female host ever on early morning television, Lunden reported from 26 countries, covered 5 presidents, 5 Olympics, and kept Americans up to date on how to care for their homes, their families, and their health.

In June of 2014, Lunden was diagnosed with triple negative breast cancer, which required chemotherapy, surgery, and radiation. An eternal optimist, Lunden wanted to turn her diagnosis into an opportunity to help others. She blogged throughout her cancer treatment and wrote a memoir *Had I Known*, which documents her battle, and reflects on her life and career.
