Sim800c gsm module datasheet

Home / GSM GPRS SIM800C Modem Product Description Baud speed is configurable from 9600-115200 via the AT command. The GSM GPRS modem has an internal TCP/IP stack that allows you to connect to the Internet over GPRS. It is suitable for SMS, Voice as well as data transfer application M2M interface. On-board regulated power supply allows you to connect a wide range of unregulated power supplies. Using this modem, you can make audio calls, SMS, Read SMS, participate in incoming calls and internet, etc. via simple AT commands. Features: Quad-Band 850/900/1800/1900MHz. RS232 interface for direct connection to a computer or MCU kit. Adjustable baud rate. Power to be d.t. using 29302WU IC. j.ee compliance. Enable MIC and speaker pins. Allow a sound slot. With push push sim card holder. Stub antenna and SMA connection. Input voltage: 12V DC. High quality PCB FR4 grade FPT certified. Applications: Industrial automation. gprs-based data logging. GPRS and GPS application. Home automation. Health check. Automation of agriculture. Vehicle tracking. Remote sensing and control. GPRS-based weather forecast logging. GSM GPRS-based security warning. gprs main terminal for file transfer. ivrs. Mass mass etoxidation. SIM800C General features Quad-band 850/900/1800/1900MHz GPRS multi-slot class 12/10 GPRS mobile station class B Compatible gsm stage 2/2+: Class 4 (2 W @ 850/900MHz) Class 1 (1 W @ 1800/1900 MHz) Dimensions: 17.6*15.7 * 2.3mm Weight: 1.3g Control via AT commands: (3GPP TS 27.007, 27.005 and SIMCom advanced AT commands) Supply voltage range 3.4 ~ 4.4V Low energy consumption Operating temperature: -40°C ~ 85 °C. Specifications GPRS Data GPRS Class 12: Max. 85.6 kbps (downlink / uplink) PBCCH support coding schemes for CS 1, 2, 3, 4 PPP stack USSD. Specifications SMS GSM/GPRS Point point MO and MT SMS mobile phone broadcast Text and PDU mode. Software features 0710 MUX protocol embedded in tcp/udp protocol FTP/HTTP MMS POP3/SMTP DTMF blending detection Audio Record SSL bluetooth 3.0 (optional). Specifications voice Tricodec: Half rate (HR), Full speed (FR), Enhanced Full rate (EFR) AMR: Half rate (HR), Full speed (FR) Hands-free operation (Echo silencing). Interfaces: 42 SMT pins including Analog audio interface RTC backup USB interface Jagalid Interface Interface External SIM 3V/1.8V GPIO ADC GSM Antenna Pillow Bluetooth Antenna Pillow. Compatibility: AT cell command interface. Certificates CE, FCC, GCF, TA, ROHS, REACH, CTA, CCC package includes: Documents: Github (Datasheet, Source Code, Schematic) Tags (0) Reviews (6) Best price review raunak price quality communication item as described delivery time Worth when purchasing this product at this price. The seller is the best quality product. The seller deserves 5 stars. Very Seller. (Posted on 01/02/2019) Timely Delivery Overview Chandan price quality communication item described shipping time Product delivered in time with the correct packaging. A good product worth the money. I recommend this product. (Posted on 22/01/2019) Very Good Product Overview Vinod Price Quality Communication Item described in Shipping time Product is having all the features mentioned on the site. On-time delivery and good supportive customer service. Good product. (Posted on 22/01/2019) A Good Product Review of the Ajay Price Quality Communication Item described in Shipping time Product helped me a lot with my project building prototype. Value for money 7.5 (Posted on 22/01/2019) Good product overview Rajath Price quality communication item described delivery time Good product with very good documentation. Supportive customer service. The product was delivered on time. (Posted on 22/01/2019) Good product overview of Vijay Price quality communication item described delivery time good product at a good price. It is worth buying a product. The product is durable. (Posted on 22/01/2019) Customers who purchased this item also purchased the Close window sending products in stock are usually 1-2 days after the order date. The removal of products from storage is usually 3-5 weeks after the order date, depending on the timing of the inbound goods and the manufacturer's production capacity. The delivery time to the customer depends on the required mode of transport and destination. Supply information should only be seen as estimates and techship is by no means guaranteed. According to the shipment conditions specified for the order. 1. FCA in our warehouse, Gothenburg, Sweden, according to Incoterms 2010. The title and risk of loss and damage of products shall be communicated to the Customer in accordance with these terms and conditions of delivery. For the avoidance of doubt, the customer must pay customs duties and export or import duties when the goods are shipped outside Sweden. 2. CPT, transport to destination paid according to Incoterms 2010. The title and risk of loss and damage of products shall be communicated to the Customer in accordance with these terms and conditions of delivery. For the avoidance of doubt, the customer must pay customs duties and export or import duties when the goods are shipped outside Sweden. According to the quote, however, it can be changed at any time according to the Techship credit policy at Techship's discretion. A 3.5% surcharge will be charged when you pay with a credit card and your payment partner Bambora will process your order. PayPal 5% additional fee will be charged and you will be directed to the PayPal. Techship provides basic product documentation that is available on the customer's web portal. No customizations are included in this order. Technical height refers to the manufacturer's list of general certificates and product approvals which is given to the Customer upon request. , not sold for products or for the final product or system. Customer technical support for the certification process is not included in the price and may be quoted separately for an hourly rate if desired. This order does not include the replacement of faulty items, except for warranty.' Techship does not provide any product guarantee other than delivery of the warranty from the manufacturer to the Customer. Tehnol. Notwithstanding these Terms and any agreement to the contrary, neither Party shall be liable to the other party for loss of production, loss of income, loss of business or market share, loss of data, revenue or other direct or indirect economic loss, or any particular, indirect, incidental or indirect damage. whether the possibility of such damage could have been reasonably foreseen and either because of a breach of contract, warranty or non-contractual damage. Neither party may bring an action, regardless of the form arising from the alleged obligations arising from these Terms or Contracts or any contract, more than one (1) year after the outcome of the action. Notwithstanding these Terms and Conditions or any Agreement, neither Party shall in any case exceed any amount of damages for the other party, corresponding to the amounts paid by the Client within 12 months immediately prior to the respective claim. The injured party shall take all reasonable steps to limit such damage. The Customer shall be granted a non-exclusive, non-transferable, gainful, worldwide license for the use, reproduction and distribution of potential software and product documentation only in connection with the sale, distribution and support of products integrated into customer products in accordance with these Terms and Conditions. For the avoidance of doubt, the software and documentation may not be distributed separately from the products. The Customer is not entitled to add or remove a trade mark, trade name, copyright notes, warning legends or other software or documentation, without the prior written consent of the manufacturer or the technical vehicle in each specific case. In addition, the Customer does not have the right to modify, decompile, reverse engineer, translate, customize, organize or repair the Software or documentation, or to create derivative works using the Software or Documentation. Notwithstanding these Terms and any agreement to the contrary, customer does not receive ownership or other intellectual property rights to the Software or Documentation. The obligations of the (Software License) shall remain indefinitely. Upon receipt of a purchase order duly issued in accordance with these Terms, Techship shall, within three (3) working days, notify the Customer of the acceptance or rejection of such purchase order (with a reasonable explanation of such rejection). Techship reserves the right to request the additional information it deems necessary both before and after the receipt of the purchase order. If Techship for any reason reject such a purchase order, any prepayment received will be returned to the Customer. Unless otherwise agreed in writing between the Parties, the order submitted by the Client is binding and the Client cannot cancel it without the written consent of techship. The manufacturer may at any time, at his own discretion and expense, make changes to the form, form or function of the products, provided that the Customer is informed of such changes at least 30 (thirty) days in advance and provided that the function is equal to or better than the specification. If the Manufacturer ceases to manufacture and sell products, the Technical Technique may, at any time at his or her own discretion and without liability to the Customer, terminate the supply of the Products. Tehnol. The Customer shall be liable for any taxes, duties and other charges or charges that may be levied or valued in connection with this order. If the Equipment is obligated to pay in accordance with applicable laws or regulations, or the Customer is obligated to deduct from any payment to Tehnolaeva any amount related to taxes, duties or other taxes or charges for which the Customer is liable for the above mentioned, the Customer shall increase payment to the technical ship by the amount to cover such charges or deduction by the Customer. The technique makes its reasonable efforts to meet the agreed delivery deadlines. If Tehnol. Circumstances outside the control of techship, including, but not limited to, circumstances attributable to the Customer or a third party, gives Techship the right to defer all its obligations to a degree that is reasonable, taking into account all the circumstances. All transport costs and the risk of damage related to repair and/or replacement of defective supplies shall be borne by the Customer if it is returned to Technoship. The Client undertakes to follow the instructions of Tehnolaeva instructions on the disposal of defective Products. The Customer shall be responsible for obtaining any export confirmation or similar confirmation from the relevant authorities which may be required for the export of the products or systems to which the products are installed. The Parties shall be exempt from the fulfillment or precise fulfillment of the obligations arising from these Terms and Conditions and shall be extended for a reasonable period of time if their performance is prevented or delayed by industrial disputes (including labour disputes or any reason which is not the affected party to the contract, which, without prejudice in any way, covers the acts of God, natural disasters, fires, explosions, riots, wars (whether declared or not), hostilities, revolutions, civil unrest, accidents, embargo or rectified, lack of material, terrorist acts, sabotage, nuclear incidents, epidemics, strikes or delays in the performance of their subcontractors caused by such circumstances (force majeure). The warranties given in these Terms and Conditions are the only guarantees and obligations given by the manufacturer or the technology in respect of the products or any other part of the products and are the only and exclusive remedies provided for in these Terms and Conditions. No party shall disclose or disclose information related to this order without the prior written consent of the Customer or Technoship. These terms and conditions and all agreements are governed and interpreted by Swedish law (with the exception of conflict-of-law rules). Any dispute, difference or matter between the parties relating to matters arising out of or relating to these Terms and Conditions shall be settled definitively in accordance with the arbitration rules of the International Chamber of Commerce in Stockholm, Sweden, by the three (3) arbitrators appointed in accordance with those rules, and the proceedings shall be resolved in English. Where necessary, any extradition decision may be enforced by any court with jurisdiction in the same way as a judgment given before that court. The Parties agree and agree that all arbitration procedures shall be kept strictly confidential and that all information, documentation, any form of material disclosed shall be kept strictly confidential and that all used only for the purposes of this procedure. Procedure.
