

10% rapid Hire **OPTION**

Extended By Popular Demand!

By far the best option for companies who have an opening to fill fast, or for those who are unable to pay the higher fees associated with full-service recruiting firms, JobGiraffe's 10% RAPID HIRE Option gives you fast results at a much lower cost.

In addition, RAPID HIRE carries no risk because it includes a 90-day no-fault cash-back guarantee.

Why is the cost of RAPID HIRE so much lower than our standard recruiting fees?

Simple! When the length of your search is shorter and better managed, our costs decrease significantly, and we pass those savings on to you.

HERE'S HOW IT WORKS:

- Place your order with a JobGiraffe consultant, and quickly receive (within 24 hours or less) 1 to 5 resumes representing the **most qualified and most relevant** candidates we have available
- All candidates will have reviewed your job description and indicated they are interested in the position
- Within 24 hours of receiving the resumes, notify your JobGiraffe consultant of the 1 to 3 candidates you are most interested in meeting
- Your JobGiraffe consultant will arrange 30-minute interviews with each of your selected candidates within the next two business days. Skype, FaceTime or phone interviews are suggested if you or the candidate cannot make an in-person meeting within this allotted timeframe
- Additional interviews AND final hiring decisions must be made within 2 weeks of placing the initial order. And remember, our 10% fee is due **ONLY** if you choose to hire a JobGiraffe candidate
- All RAPID HIRE candidates include a 90-day no-fault cash-back guarantee, providing the fee is paid within 30 days of the candidate's start
