

Jordan Wendt

Jordan.a.wendt@gmail.com • Atlanta, Georgia • [LinkedIn](#) • [Portfolio](#)

I am a Front-end Developer who transitioned from a career in Technical Recruiting to pursue my calling. While working freelance in web development, I have increased my knowledge via online classes at Team Treehouse and Code With Mosh as well as obtaining an AWS Cloud Practitioner Certification.

WORK EXPERIENCE

Freelance Front-end Developer

May 2021–Present

- Create websites and front-end applications utilizing Bootstrap frameworks and the React JavaScript Library for optimal responsive web layouts and design.
- Design with a mobile-first approach as to transition from a mobile device to the widest desktop screens.
- Develop front-end templates for a wide variety of services and businesses, emphasizing best design practices as well as efficient code to improve optimal website performance and response time.
- Utilize APIs and Asynchronous code to build optimal response times from backend servers.

Online Coursework

Jan 2020–May 2021

- Front-end Development - 65 hours of coursework - Team Treehouse Online Academy
- JavaScript Development - 65 hours of coursework - Team Treehouse Online Academy
