

Attractive, functional and flexible, FLEX is a tamper resistant sign frame option that can be utilized for virtually any interior signage application. Square side rails with finished ends use a mix of our wall brackets that slide into the rails and are secured with a setscrew combination offering a wide range of signage options while maintaining ease of maintenance and changeability. FLEX can be mounted using magnets inside of our other frame systems* to make simple personnel signs or directories. Available in 5 anodized colors: **SATIN SILVER, POLISHED SILVER, MATTE BLACK, POLISHED YELLOW GOLD AND POLISHED ROSE GOLD.**
