Each character can equip multiple items. The trophy will appear after equipping all slots for any character. Headgear Weapon Top Clothes Bottom clothing Accessory style shoes walk high king lingerie to strip cleared the battle arena with a range S. Arena is a good place to hunt unique clothes and weapons. You need to clear the challenge one by one (re-enter the Arena each time to make the next challenge). You will start in range F, so you have to clean them in order from F to S. Each range has 3 different groups of enemies and the HP of your clothes is recovered every time you defeat a group. You will receive money and a styling style every time you clear a range. If you are defeated at the Arena, you should try again as your progress (element and level) are recorded, so you don't need to reload the game. Here is a list of the rewards: Rank F: 3000 Yen and King of the Drunken Fist Rank E: 5000 Yen and Secrets & Secret; Secrets & Secret; Legends of Romantic Horror Rank D: 10,000 Yen and Encyclopedia of Real Fighting Rank C: 18,000 yen and old comic book that is supposed to be good range B: 30,000 yen and Asuka Ninjutsu-style record Range A: 50,000 yen and burning! Pro Wrestling Rank S: 200,000 yen and telenesia for the common man In the last Group of Range S, there are 2 masked cosplayers whose clothes cannot be attacked, so you have to aim for your headgear. Stick things into other things refined a weapon or item of clothing for the first time. See [Little Sister made me OP] . Little Sister Made Me OP refined any weapon or item of clothing until 999. You will receive this trophy in the first playthrough as you need Max out of his gun and items of clothing (headgear, top and bottom) at 999 to prepare for Otaku mode later. If you use the same type of weapon or clothing, it will increase more strength when you upgrade them. You have to sell all weapons and items that have rather less than 10 since it won't increase much in the upgrade. Armor and weapon in stores have high statistics, so you have to buy them to increase your stuff to the fullest. The trophy will appear after your gun or garment reaches 999. If you max out items of clothing, it will give you 10,980 HP for this article, so 32,940 HP in total can save your life in the Otaku playthrough. As the story progresses, you are allowed to upgrade your weapon and item, just go to Nana's room and talk to her to improve or sell her stuff.
