

INSTRUCTION MANUAL

THE GAME + PRE-GAME ***INSTRUCTION MANUAL***

This manual explains exactly how to play The Game and The Pre-Game.

The Pre-Game is a 10-day experience (June 20–30), and The Game is a deeper 7-week version beginning July 7.

Both are guided by energy work, play, and aligned action created by Emily Thorner from MoonRising LLC.

START HERE

STEP 1: CHOOSE YOUR PLAYER

Go to <https://www.moon-rising.com/the-game-players-list> and read through the 7 Player identities.

Choose **one Player** to represent your intention for the Game.

Your Player is the most expanded version of you.

This choice defines the intention you'll be working with.

Share your chosen Player and intention in the Facebook group:

<https://www.facebook.com/groups/1379644033240784>

STEP 2: MEET THE MYSTERY

The Mystery is both a Player and a part of the Game itself.

The Mystery also represents the mysteries of the Universe. She offers intuitive guidance throughout gameplay by text message in expected and unexpected ways.

It's also the Universe itself, with a hint of bad girl 😏.

STEP 3: DAILY CARDS BEGIN

Starting on Day 1, you will receive:

- 1 Action Card (red)
- 1 Creation Card (blue)

Action Cards are aligned action prompts. They will begin with: “I dare you to...”

Creation Cards are energetic alignment practices. They support presence, gratitude, and belief.

Complete both cards each day and your experience will be shaped by your player. **Be sure to SHARE about this in the group daily as this is how we count participation.**

WHAT IF YOU *MISS A DAY*?

1. You are allowed to miss a day or skip a card.
2. However, if you miss **5 consecutive days** (no cards, no lives), you become a **ghost**.
3. Ghosts can return by:
 - Participating again
 - Writing: "I choose to be active in my game because ____."
4. No one tracks this for you. You will know.

THE PURPOSE OF *THE GAME*

- To participate in LIFE (and the game!) and manifest as much magic as possible in this time! (Yes, there are prizes to encourage you.)
- A KEY part of this is to surrender to the mysteries of the Universe. This means it's not about needing a result, but allowing in as much magic as possible.

We encourage you to stay consistent with one Player for the full Game. However, if you wish to switch between the Pre-Game and the Game, you may.

There is no winning or losing — only how fully you choose to play.

Track all the magic, synchronicities, wins, and signs of alignment that show up — big and small. This is not optional. It's a core part of how you build your magnetism and receive more.

June 30th will have a short closing event on facebook, not on zoom.

Replays available 24 hours later...*but they will expire forever first week of July!*

The first 3 events are essential to gameplay and serve as pillars. You will have a glimpse of intuitive guidance You will want to watch live or as soon as possible as they all have time sensitive pieces to them.

The Game (*7-Week Experience*)

One live class each week, beginning 7/7

Each week is a **Level up from Level 1-7** — a full energetic recalibration through karma clearing and energetic activation. The events in the Pre-Game are designed to be a “taster” introduction. Energy work will be lighter and short whereas in the full Game, you will have FULL energy classes, *designed to give the full essential calibration shifts for optimal results.*

These 7 levels are the **core of the Game** and are designed to create deep, lasting transformation

Full class titles will be revealed on the GAME page during the PreGame events.

Want more?

In the Game **not available in Pre-Game*, you can upgrade with “Power Ups” which include customized activations.

DAILY FLOW

1. Daily cards are sent via email at 8:00 AM EST
2. Mystery messages will be posted in the Facebook group and tagged with #themystery and @everyone.
3. All participation *required if you want prizes 😊 happens in the Facebook group.
4. Timing is flexible. Play at your own pace each day

PARTICIPATION & RULES

1. Complete both cards daily, or as often as possible
2. Engage in the group and attend lives when possible
3. Most of the time, the cards will adjust slightly according to your player (intention).
4. Track your own play — this is for you to do ;-)

5. THERE IS NO SELF PROMO

There will be plenty of space to share who you are naturally under the action cards and prompts. Any obvious promo or outside of the action cards will be removed and if it happens twice you will be lovingly removed from the game. Networking happens naturally... but the main reason we are here is to play and manifest. ✨
