GARDENARY

Welcome to GARDENARY

Gardenary was founded by Nicole Johnsey Burke to make gardening ordinary once more. She believes that growing a little bit of your own food is a step we can all take to create positive change for ourselves, our communities, and the entire planet.

Nicole has written three books to make gardening more accessible for everyone, no matter their level of gardening experience: *Kitchen Garden Revival* (2020), *Leaves, Roots & Fruit* (2023), and *The 5-Minute Gardener* (2025).

Since 2017, Gardenary has helped build hundreds of kitchen gardens, taught thousands to garden through Kitchen Garden Academy, supported gardeners of all levels year round through Gardenary 365, and trained over 1,500 garden consultants through the Gardenary Consultant Certification.
