

RAFT-BUILDING CHALLENGE

DESIGN - BUILD - PADDLE - COMPETE!

THE BEST IN FUN, CREATIVITY, INNOVATION & TEAMWORK

Our Pinnacle Pursuits **Raft-Building Challenge** is awesome, especially on a warm day! With a frontload on safety and design tips, team strengths and roles, teams get a set time limit and a variety of supplies - from ropes, barrels, lumber and platforms. They will learn the components of designing and building a safe and functional raft that will require them to work together, communicate clearly and strategize successfully before putting it on the water and trying to keep it afloat during a wet-water paddle-race! Woo-hoo!

Benefits:

- Embrace your design and creative potential
- Strengthen team connection and collaboration
- Discover new team strengths & skills
- Create & celebrate powerful shared memories
- Build an incredible sense of culture & team spirit!

Features:

- Ideal capacity 20-80+ pax; teams of 4-6; allow 1.5-3 hrs
- Prepare to cheer on your team while some people get wet! (getting wet is optional)
- Easily combined with icebreakers & other team-building initiatives or workshops
- Additional add-on option for fun prizes & awards!

"We have partnered with Pinnacle Pursuits for 3 separate events over the past many years, and they have always provided incredible team-building experiences for our groups of 100-150 people. Jono and team go above and beyond. They bring great energy and provide clear instructions supporting seamless execution of much anticipated and worth-while team-building events. Thank you, Pinnacle Pursuits!"

- Jessica Misagawa, SVP Planning & Allocation, lululemon athletica
