

School, University & Masters

Explanation of Adaptations · Levels 2 to 4

TUMBLING DIVISIONS · 95 POINTS · 2027 SEASON

Companion to the Levels 2 to 4 Rubric. This summarises how Legacy's scoring differs from the **IASF Elite L2-4 Scoresheet**. Applies to **School Levels 2 and 3, Masters Level 2, and University (tumbling) Levels 2 to 4**.

WHAT LEGACY CHANGED

- Base sheet: the **IASF Elite L2-4 Scoresheet** (100 points).
- Stunt Difficulty is capped at **10**: the high range becomes 6.0 to 10.0 for **three or more** level-appropriate skills, instead of 6.0 to 15.0 for four, with the Coed middle range set to **3.0 to 6.0** to fit the cap. This is the only change to the totals, taking the sheet from 100 to 95.
- The **Coed stunt chart applies from Level 3 only**. Coed teams at Level 2 are scored on the All Girl chart. (Mixed divisions that are not explicitly Coed also use the All Girl chart.)
- Pyramid minimum drops from four level-appropriate skills to **three**.
- Jumps require **two** advanced jumps instead of three, and the jumps **do not need to be connected**.
- Basket tosses are scored on the standard IASF Levels 2 to 4 toss chart, with no Legacy change.
- The **Legacy Expanded Quantity Chart 2027** is added for teams outside the standard athlete-count ranges.
- All Technique and Overall scoring is unchanged from the IASF Elite L2-4 Scoresheet.

FINAL SCORE SHEET

CATEGORY	DIFFICULTY	TECHNIQUE	POINTS
Stunt	10.0	15.0	25.0
Pyramid	15.0	15.0	30.0
Tosses	2.0	2.0	4.0
Standing Tumbling	2.0	2.0	4.0
Running Tumbling	2.0	2.0	4.0
Jumps	2.0	2.0	4.0
Dance	2.0	2.0	4.0
Routine Creativity / Composition	10.0	—	10.0
Formations & Transitions	5.0	—	5.0
Performance	5.0	—	5.0
TOTAL	—	—	95.0

The Stunt Difficulty maximum is 10 instead of 15. This is the only change to the totals (100 to 95).

 Gold marks where Legacy differs from the IASF Elite L2-4 Scoresheet.

LEGACY ADDITION · EXPANDED QUANTITY CHART

The **Legacy Expanded Quantity Chart 2027** applies to these divisions. If your team falls outside the standard athlete-count ranges, use the Expanded Quantity Chart (linked in this section of the Legacy scoring page).
