## **3 MIRACLES**

## **ACTIVITY**

I believe each of us have roughly three to five miracles we are looking to create. Here's the question I have for you..

If I were a Genie and had a magic lamp that would allow you to create three miracles in your life which three miracles would you create and why?

- You cannot ask for more than three wishes...
- You cannot put a wish on someone else.
- You can't ask the genie to make someone fall in love with you or to bring someone back from the dead...
- You can't wish someone else happiness.
- This must be in your field of control...
