

TABLE OF CONTENT

PART 1: MODEL

1. USER INTERFACE

1.1. The Home Screen and Ribbon.....	14
1.2. Status, View and Options Bars.....	18
1.3. Project Browser and Properties	19
1.4. 11 Tips to Understand Revit's User Interface.....	20
1.5. Category, Family, Type and Instance	26
1.6. New User Interface Features in Revit 2024 and 2025 ..	30

2. SELECT

2.1. Selecting Elements	35
-------------------------------	----

3. MODIFY

3.1. Adjusting Existing Elements	42
3.2. Using Snaps.....	49
3.3. Lock and Constrain Elements.....	51

4. WALLS

4.1. 3 Steps to Create a Basic Wall.....	52
4.2. Adjust Walls and Create Sweeps	55
4.3. Modify Wall Structure	57
4.4. 5 Basic Walls Tips.....	61
4.5. 4 Advanced Walls Tips.....	64

5. LEVELS AND GRIDS

5.1. Create Levels & Grids.....	71
5.2. 5 Basic Levels and Grids Tips	72
5.3. Advanced Tip: Using Scope Boxes.....	75

6. FLOORS

6.1. Create a Floor	76
6.2. 4 Floor Tips	78

7. CEILINGS

7.1. Create a Ceiling	80
------------------------------------	----

8. ROOFS

8.1. Create a Roof	83
8.2. 10 Roof Tips.....	84
8.3. 5 Advanced Roof Tips	90

9. DOORS

9.1. Create a Door	93
---------------------------------	----

10. WINDOWS

10.1. Create a Window	94
------------------------------------	----

11. CURTAIN WALLS

11.1. What Are Curtain Walls?	96
11.2. Create a Curtain Wall.....	97
11.3. 11 Curtain Walls Tips.....	102
11.4. 3 Advanced Curtain Walls Tips.....	108

12. STAIRS

12.1. Understand and Create Stairs.....	110
12.2. 9 Essential Stairs Tips.....	114
12.3. 3 Advanced Stairs Tips.....	119

13. RAILINGS

13.1. Create a Railing.....	124
13.2. 5 Railings Creating Tips.....	125
13.3. The Anatomy of a Railing.....	130
13.4. Create a Railing Type.....	133
13.5. 5 Tips to Create the Perfect Railing Type.....	141
13.6. 4 Advanced Railings Tips	144

14. COLUMNS

14.1. Structural vs Architectural Columns.....	148
14.2. Insert and Create Structural Columns	149
14.3. Create a Dark Solid Fill For Columns	153

15. COMPONENTS

15.1. Placing a Component	154
15.2. Different Kind of Components	157

16. SITE

- 16.1.** Revit 2023 Workflow: Create a Toposurface.....159
- 16.2.** In Revit 2023: Use Floors For Simple Sites.....161
- 16.3.** New Toposolid Tool in Revit 2024.....162
- 16.4.** Revit 2024: Modeling a Site with Toposolids.....173

17. MATERIALS

- 17.1.** Create a Material179
- 17.2.** Split Face / Paint182

18. ROOMS

- 18.1.** Create Rooms183

PART 2: VIEWS

19. VIEWS

- 19.1.** How to Create New Views187
- 19.2.** 5 Settings to Adjust in Each View189
- 19.3.** Setting Far Clip.....192
- 19.4.** New in Revit 2024: Textures Visual Style193

20. PLAN VIEWS

- 20.1.** Create Plan Views & View Range194
- 20.2.** Advanced View Range Tips196

21. SECTIONS

21.1. Create a Section.....	200
------------------------------------	------------

22. ELEVATIONS

22.1. Create an Elevation.....	202
---------------------------------------	------------

23. CALLOUTS

23.1. Create a Callout.....	203
------------------------------------	------------

24. DETAILS

24.1. Create Detailing	204
24.2. 8 Tips for Efficient Detailing.....	205

25. 3D VIEWS

25.1. Create 3D Views	209
25.2. Create a Perspective	210

26. LEGENDS

26.1. What are Legends Used for?	213
---	------------

27. VISIBILITY

27.1. Hide Elements	214
27.2. Visibility Graphics + Isolate	215
27.3. Advanced Tip: Using Filters.....	217

28. VIEW TEMPLATES

28.1. Create a View Template	220
---	------------

PART 3: ANNOTATE

29. LINES

29.1. Detail Lines vs Model Lines	224
29.2. Create a Line Style.....	225

30. TAGS

30.1. What is a Tag?.....	226
30.2. 6 Basic Tags Tips	228

31. TEXT

31.1. Place Text and Adjust Leaders.....	232
---	------------

32. REGIONS

32.1. What is a Region?	233
32.2. Edit a Region Type.....	234
32.3. Create a Pattern	237

33. DIMENSIONS

33.1. Create a Dimension	238
---------------------------------------	------------

PART 4: PUBLISH AND COLLABORATE

34. SHEETS

34.1. Using Sheets	243
34.2. 3 Tips to Navigate Sheets	247
34.3. Advanced Tip: Modify a Title Block	249
34.4. New in Revit 2025: Sheet Collections	250
34.4. New in Revit 2025: Sheet Collections	251

35. REVISIONS

35.1. Create and Set Revisions	252
35.2. Revit 2024: Improved Set Revisions	256

36. PRINT

36.1. Print your Sheet or View	257
36.2. Export to PDF	259

37. CENTRAL FILES

37.1. Central and Local Files	263
37.2. 8 Steps to Create a Revit Cloud Model	270

38. LINK FILES

38.1. Preparing and Linking CAD Files	280
38.2. 4 Linked CAD Tips	282
38.3. Link PDF and Images	284

39. EXPORT CAD

- 39.1.** How to Export to DWG288
- 39.2.** Use DiRoots Prosheets Plugin289

PART 5: ADVANCED TOOLS

40. SCHEDULES

- 40.1.** What are Schedules Used for?293
- 40.2.** 23 Tips to Become a Schedule Master.....296

41. PHASES

- 41.1.** Create and Set Phases313
- 41.2.** Using Phases Graphic Overrides316

42. WORKSETS

- 42.1.** Create Worksets320
- 42.2.** 5 Tips to Use Worksets Properly322

43. GROUPS

- 43.1.** Create and Adjust Groups326

44. MODEL IN-PLACE

- 44.1.** What is Model In-Place328

45. FAMILIES

45.1. Understanding Families in Revit	330
45.2. Create a Cabinet Family.....	332
45.3. Create an Annotation Family	338

46. DESIGN OPTIONS

46.1. Create Design Options	340
