My name is Alisha Pierce, LE, CLT. I am a licensed esthetician, published textbook author, and global educator specializing in customized, results-driven holistic skin care.

With over 20 years of experience in professional skin care and a background as a former celebrity makeup artist, I understand the unique demands placed on public-facing individuals. I provide customized care for clients who require their skin to perform at its best both on camera and in every day life.

In my practice, I focus on clinical skincare concerns that include hyperpigmentation, acne, uneven texture, and age-related skin changes. I combine advanced corrective modalities such as chemical exfoliation, micro-needling, and laser technology with intentional barrier-repair.

My approach supports immediate visible results as well as long-term skin health.

Part of my mission is to help individuals better understand their skin and make informed choices that support long-term skin health. I welcome the opportunity to serve as a trusted skin care expert for you and your audience.

Warmly,

Alisha

Alisha D. Pierce, LE, CLT
