

YOU'RE INVITED TO THE 2026

Spring Showcase & Graduation

A celebration of truth, goodness, beauty and excellence for the whole family

SATURDAY · MAY 30 · 2026 • UNIVERSITY OF ST. THOMAS · HOUSTON

FEATURED CONTEST

The Egg Drop

Design and build a contraption to protect a raw egg from a two-story drop. Student-led competition with grade-level divisions for K-12. Contraptions built at home from common household items and brought to the event ready to drop.

WILL YOUR EGG SURVIVE?

CONSTRUCTION RULES

- Built at home, brought ready to use
- Common household items only — no kits, pre-made devices, or specialty materials
- Must open to insert a provided raw egg, then close securely
- Must fit within a 12" x 12" x 12" cube
- No liquids, glass, or hazardous materials

JUDGING & ETHOS

- **Success:** Did the egg survive uncracked?
- **Tiebreaker:** Lightest successful contraption wins
- **Student-led:** Design, construction, and operation must be the student's own work
- Eggs provided at the event — do not bring your own
- Have fun and be a good sport!
- All ages invited!
