

Downloading and Using the NSA Ohio App

The system we use for our association management is Kajabi. Kajabi has a phone app you can use to see all the NSA Ohio Resources on your phone. This is a valuable member resource that adds convenience to your NSA Ohio Member experience.

My Resources

When logged in as a member on the nsaohio.com site the menu item My Resources shows all of features you are subscribed to. Most members will have access to:

- NSA Ohio 2024-2025 Calendar
- New Member Orientation
- NSA Ohio Members Only Content
- NSA Ohio Video Vault
- NSA Ohio Online Community

You'll receive information on each of these resources soon.

Specialty Resources may appear on your My Resources page depending on your situation. Some of these resources:

- ProTrack
- NSA Ohio's Art of Presentation
- Board Orientation
- Board Document Library

If these resources are applicable, you'll see these on your My Resources page.

The App

All of your resources are available in your hand via the Kajabi App. For example, you can easily see the schedule of events using the Calendar, link to the Event page on the site and register for an event. All from your phone.

You may want to watch a video from the Video Vault from a picnic table at the park. That's now possible.

To get started download the Kajabi App from either the Apple App Store or Google Play.

iOS

To download the app for your iOS device, open the App Store and search Kajabi.

If there are more than one alternative select the app with this logo:

Then click the **Download** button.

Android

To download the app for your Google Android device, open Google Play and search Kajabi.

If there are more than one alternative select the app with this logo:

Then click **Install**.

Login

Now that the app has been installed the login process is the same for both iOS and Android.

Get started by opening the app.

Enter the email address associated with your NSA Ohio membership.

You will then be directed to confirm your account via email on your device. Be sure to confirm the email on your mobile device.

Once your email has been confirmed click **Open Kajabi App**.

You will see a library of anything you have purchased or opted in to from any content provider who uses Kajabi including NSA Ohio.

Select NSA Ohio.

Note: You may see other content providers on this list if you purchased content from other Kajabi providers in the past. You can decide if you want to also include those items in addition to NSA Ohio.

Once the app completes loading you can see your NSA Ohio My Resources content in your app.
