

# Smarter Charting Program for Residents and Clinicians

You bring enormous value to the health care system. However, the charting, administrative work and time working outside of the clinical day can be a significant factor to your mental load and increase risk of burnout.

The Smarter Charting Program helps you:

- ✓ Build strategies to manage the workflow and workload of your clinical day, including managing patient and preceptor expectations.
- ✓ Improve your ability to get home with today's work done today
- ✓ Create sustainable clinical days and create time for your life.

**Cost:** \$1700 CAD (\$1200 USD) for lifetime access

**What about educational credits?** We are proud supporters of the Official Learner+ Champion program, where Physicians and Clinicians can reflect and unlock credits

**Canadian Resident?** You can use unaccredited MainPro Points as usual and doing the link to practice form can give you accredited MainPro Points

## WHAT'S INSIDE THE PROGRAM

### ON-DEMAND VIDEO MODULES

**Charting:** Learn effective strategies to complete your charting after every clinical encounter.

**Clinical Encounters:** Learn to examine the clinical encounter, identify inefficiencies and develop strategies to optimize time management within clinical encounters,

**In-basket and Forms:** Time management and productivity strategies to complete today's work today.

**Interruptions:** Develop strategies to manage interruptions and distractions within your clinical environment,

**Backlog:** Learn practical strategies to make progress and develop confidence in completing your incomplete tasks and charts.

### LIVE COACHING AND SUPPORT

**Weekly Live Group Coaching Calls and invited guest experts** for specific help with anything within the clinical day that is preventing getting you home with the work done (replays available),

**Private Facebook Community** for specific assistance and support from coaches and peers.
