THE WEDDING PLAYLIST

01 Signed, Sealed, *Delivered*

“Not only is Terry a natural entertainer, he’s also a lovely guy whom all our guests adored.”

His planning, advice, music knowledge and MC skills delivered a friendly, yet professional experience. Terry helped to make it a perfect day, and we’ll be forever thankful for all his involvement in our wedding.

02 *Perfect*

"When we walked into the Mill Barn, every single person was on their feet, cheering and waving their napkins."

I'll start by saying a huge thank you to Terry. You made our day even more perfect than we could imagine. As the groom, I was very nervous before the ceremony, but you came over to me outside and just had a normal conversation with me, which honestly helped me so much.

Straight away I knew the wedding would be a success with choosing you. We had two Zoom calls with you, and after the first five minutes we both knew you were who we wanted to help us with our special day.

Getting people in party mode was something I thought you might struggle with, because of who our guests were, but boy was I wrong! When we were walking into the Mill Barn, every single person was on their feet cheering, waving around the napkins. It was amazing to see! You were getting people ready for everything before the ceremony had even started.

After the ceremony, we had given two groomsmen the job of handing out confetti. Much to my shock, I saw them both at the bottom of the line, without the confetti buckets... but there you were, handing it all out to our guests. No job was too big for you; you always seemed to go that extra mile when we didn't expect you to.

We weren't very helpful with the music and basically said, "Terry, do your magic", and believe me, he did just that. The variety of music was amazing and the dancefloor was always full. My wife asked Terry to incorporate some drum & bass into the set. That wasn't his speciality, but he did it, and again it was amazing!

I'm not one who's great with words, but I seriously couldn't fault anything Terry did for us on our wedding day. He made it the most special day of our lives. 10/10 for everything! Terry, thank you so much for everything.

03 Lean *On Me*

"My Nan wanted me to mention how Terry ran and got her a chair. It honestly made her day."

We had Terry as our DJ and MC for our wedding, and he was simply amazing. We had Terry from the start of the day, so he organised my ceremony, drinks reception and wedding breakfast music, and introduced all of the speeches. He really helped the day run smoothly. I saw videos of him handing out all of the confetti and making sure people were standing where they should be, so we could get some great pictures.

My Nan also wanted me to mention how Terry ran and got her a chair so she could sit down during our drinks reception. It was outside, and she struggles to stand for long periods. It honestly made her day and meant she could be involved without having to go back inside by herself. She still talks about how great Terry was every time I see her!

Terry introduced the speeches with such enthusiasm and made it a really upbeat, fun atmosphere. Everyone was cheering!

I didn't worry at all when it came to the evening reception. I knew Terry had listened to exactly what we wanted, and I don't think the dancefloor was empty once. We said we wanted a fun party atmosphere, and Terry created exactly that.

If anyone is questioning whether to book Terry, do it! Not only is he one of the friendliest people you will ever meet, he takes so much of the stress of a wedding day away, and does so with a massive smile on his face.

We are so grateful for you and how amazing you made our wedding. Thank you, Terry, you are truly the best!

04 Nobody Does *It Better*

"So many of our guests asked if we actually knew each other before the wedding."

Dear Terry, where to begin? Thank you so much for everything on our wedding day: skill, talent, charisma, humour, fun and genuine care.

Your effortless charm and personal touches did not go unnoticed by us or our guests. So many of them asked if we actually knew each other before the wedding, or if you were a guest, because of your warmth and friendliness, and how clear it was that this was more than just a job to you.

We loved the way you integrated everything so seamlessly, and helped our wedding run so smoothly and stay stress-free. The music itself was simply perfect, chosen so cleverly for every part of the day.

From meeting you for the first time at the wedding fair, to visiting your home for our first meeting, talking through every step before the wedding, and the day itself, you have just been incredible. We will be forever grateful for how special you made our wedding journey.

Thank you doesn't seem enough, but... thank you. Take care, and please keep in touch!

05 I Will Always *Love You*

"Because of you, we could relax and just 'be' present in the precious moments."

Dear Terry,

Well, it's a month now since our special day. Jane and I are back from our honeymoon and slowly catching up on things. Hard to get back to work and laundry after being a princess for two weeks! But the feeling of love and the amazing memories still float through our days and in our hearts.

It's hard to express how beautiful and deeply meaningful our wedding was to us both. The love and joy seemed to just swirl around us all... and so much of that was because of you.

Terry, we are so grateful that we found you. Your presence, smile, professionalism, steady calm and guidance, not to mention your first-class MC talents, just made our day everything it was.

We knew when we met you that we'd be in the very best of hands, and indeed we were. Because of you, we could relax, enjoy and just 'be' present in the precious moments, and for that we will be forever thankful. You are a star, and we hope a new friend.

Sending love and thanks,

BARBARA & JANE

06 Simply *The Best*

"Five stars doesn't even cut it! We had guests asking us if he was our friend."

Picking the DJ and MC for our wedding was one of the easiest parts of wedding planning! Terry came recommended through our venue, we were invited to a Zoom meeting within a few days of emailing him, and from the moment we began chatting we knew he was going to be at our wedding.

Terry got us straight away and understood the vibe we were going for. Honestly, it was the quickest yes to asking Terry to be our MC and DJ. Roll on a year to the big day, and five stars doesn't even cut it! From chatting to the guests and making them feel welcome, to introducing us into our wedding breakfast.

Terry really does it all, with such suaveness and kindness. We had guests asking if he was our friend! Three weeks later, people are still telling me how great the music was, and asking if we gave Terry a playlist. No: Terry listens to your likes and makes the playlist for you, and my god, it was fantastic.

Terry, the reviews speak for themselves! You really are the best. Thank you so much!

07 Ain't No Mountain *High Enough*

"By the big day, it was as if he were a lifelong friend."

Terry is completely incredible! We had him for our whole wedding day, as MC and DJ, and he went above and beyond anything we could have expected.

He was so full of fun and energy, always smiling, and he really helped our day run seamlessly: organising our guests, introducing speeches, making announcements and playing fantastic music!

He took the time to really get to know us before the wedding, so when we got to the big day it was as if he were a lifelong friend. Our wedding was a mix of cultures, and he helped us blend in some Norwegian wedding traditions, which was a lot of fun.

Thank you for everything, Terry!

08 Celebration

“Wow! I can’t even explain how amazing Terry was!”

He was not just our DJ but also our Master of Ceremonies, and everyone loved him! All my guests were asking about Terry, some even for their own wedding. The music and the atmosphere were brilliant. Best DJ ever!

09 I Wanna Dance *With Somebody*

"Terry made sure everyone got on the dancefloor, including some relatives who never dance!"

Terry was so fabulous that here we are, writing a review the day after we got married! He was at our venue in good time, dressed impeccably, super smart and cool, and all set up by the time we saw him. He greeted us with a huge smile and a hug. Personal, professional, friendly: the best DJ ever.

From the moment we met Terry, we knew he was the one to take care of the music for both the ceremony and reception. He gave us advice on so many things. Fantastic from start to finish.

AFTER OUR FIRST MEETING

10 Love At *First Sight*

"As we left, I literally shouted 'I love Terry', a little too loudly."

Thank you so much for meeting us last night. We came away so excited about the wedding, I literally had goosebumps. We would be honoured if you would be part of our day.

You really do go beyond the call of duty, and it is so refreshing to have someone so efficient working with us.
