MASTERCLASS CHECKLIST (updated 1/21/2025)

Print Out This Entire Document

Congratulations on purchasing our revolutionary TWMN Market Weather MASTERCLASS!

With this MASTERCLASS, you have access to:

- Our TWMN Mobile App (this is where you get the alerts, contact Support, get tech questions answered, chat with Michael)
- 40-page eBook that will change the way you think about the markets...
- Basic Options Course
- TWMN Trade Tracker - enter EVERY TRADE you take (Sim & Live) - includes a video on how to use it
- Trading Plan Course – a custom trading plan with a video and a copy of Michael's current personal trading plan
- An Advanced Options Trading Course – Which will make sense once you have gone through the previous video modules...strategies, allocation, the final pieces to get you ready to SIM TRADE
- THE NUGGET FARM: Watch these game-changing videos AFTER you have completed Basic Options, Trade Tracker, Trading Plan, Advanced Options
- A LIVE TRADING ROOM – Masterclass Trading Room – The entire schedule is included in STEP SEVEN of this document. All live sessions are recorded for you to replay

At the end of this document is an actual checklist, that you can literally check off when you have completed a step. It sounds elementary, but it works. 89.7% of our members who are now full-time members and making money each week with our trade alerts, say they followed this document/checklist...to the letter.

One last directive: DO NOT TRADE. Resist the temptation to live trade the alerts before you have completed the Basics AND Advanced modules. This is the number 1 rule of our TWMN Methodology.

You need to trade with a plan. You need to understand the setups for the trades. You need to have an allocation plan. A plan to “add” to trades. A plan to exit. WE WILL CREATE ONE WITH YOU. So don’t trade until you have completed this first step.

YOUR FIRST JOB IS SIMPLY TRACK ALL THE ALERTS IN OUR TRACKER, WHILE YOU GO THRU THE MATERIAL. LEARN THE SYNTAX (very first video of Basics), LEARN HOW TO USE THE TRACKER (go to the Trade Tracker module and watch the first 2-3 videos and download a new tracker. You will need Excel 365).

This is really the first step in our methodology. And yet sadly, many of you will skip around (Rule Number Two). Many of you will jump into trades and skip the much of the Basics and Advanced videos because perhaps you have traded options before. THAT WOULD BE A BIG MISTAKE.

Follow my roadmap. If you were a consistent and successful trader, you wouldn’t have plopped down \$27 or \$47 or whatever to get this program. Maybe you came for the alerts. Maybe you came here with zero experience. Either way, follow my TWMN Methodology. It is spelled out very clearly in the Fast Track video as well as the New Member Orientation video.

STEP ONE: You want to download our APP so you can get all the alerts AND make sure your library access is turned on. You MUST follow these steps before you do anything else, or you won’t get our alerts, trade suggestions, access to all the videos and courses, live room reminders, communications from me directly, or Live Trading room access.

FOLLOW THESE STEPS:

Log in to your trading member’s area with the special password you received in the email called “Your New Trade With Me Now Account.”

site.tradewithmenow.com/login

Check your junk/spam folder if you don't see it in your inbox.

If you still don't see it, email us at support@tradewithmenow.com and we will have the system resend it.

Once you have logged into your library, you will see all the modules...when you scroll down, you will see Page 1, 2, etc. FOLLOW this checklist to navigate and know what to do next. Don't jump around.

***THIS STEP IS CRUCIAL AND NEEDS TO BE DONE FIRST TO GET YOUR APP WORKING AND RECEIVE YOUR ALERTS!**

1) From your desktop PC or mobile phone browser, log into your library site.tradewithmenow.com/login > Scroll down to your new module called "Masterclass Trading Room" > click on Live Masterclass Room, then click the blue launch button. You will see your email address already in the login box. You can change your full name to a screen name here. Simply click the blue "Login" button to enter the room. You can now exit the room as this step works to activate your alerts. Or you can keep it open on your desktop for alerts and live room access.

2) Next, download the TWMN Mobile app from your app store.

You can search for "TWMN Mobile" or use one of these links:

iOS: <https://apps.apple.com/bo/app/twmn-mobile/id1594448104>

Android: <https://play.google.com/store/apps/details?id=com.bellesoft.twmnapp>

3) In the app, make sure you enter **the SAME email** that you used when you joined TWMN.

4) Click on "email pin code" > check your email and then enter that code.

5) In order to activate your alerts, log into your TWMN library from your computer > scroll down to Masterclass Trading Room > Live Trading Room > launch the live room.

6) Now you can go to your phone app, click on "sync available rooms" and you should see the Masterclass Live room in the app.

If you don't see the Masterclass room listed on the app...again, log into the Masterclass Trading Room from a regular browser (mobile browser OK too) and then go to your app and press the "sync available rooms" button.

If you have LEGACY, make sure you also go to your Legacy Module in your library...you will see a blue launch button inside the Live Trading Room section. Once you click on it and enter the Legacy Room, refresh your app and you will now receive your Legacy alerts via notification. You will also see the Legacy live room in the app.

Once you have logged into your Masterclass Trading Room from your computer (which validates your app), and synced the rooms in app...you can continue.

Everything you need is in your library member's area. THE FIRST MODULE IS YOUR TWMN MEMBERSHIP STARTING POINT...which includes the BASIC OPTIONS COURSE. THIS IS WHERE YOU BEGIN.

STEP TWO: Log into your library and click on TWMN MEMBERSHIP STARTING POINT. Then click on the "Where Do I Begin?" section.

Start with the short video at the top of the page.

This is my view of how to approach TWMN and what steps to take first, etc. It's worth the 7 minutes!

Then download your eBook.

The purpose of the eBook, in addition to introducing myself and communicating the genesis of my journey, is to key you into the concept of the Market Weather Report. There are many trading strategies and

courses out there...most of them designed and pitched by guys who don't actually trade every day. But what I can tell you with certainty, is that any strategy that doesn't BEGIN with a daily market "weather" analysis and a step-by-step look at the market internals, is flawed from the start and has no chance or consistent success. How can it? If the market weather is bearish for tomorrow (meaning 85% or more of the stocks will be going down), then how do you think your "perfect trade" on AAPL will do? And if the market weather is bullish for tomorrow (meaning 85% or more of the stocks will go up), would it make sense to short AMZN or any stock for that matter? Does this make sense? It will, after you complete the eBook.

NOW YOU ARE READY TO DIVE IN...

Before we go to step 3, go to the end of this document, and check off the list what you have done. If you haven't printed this document out, then do that now. Follow the steps. Like I said, sounds elementary, basic, even insults the intellectual side of our personality...get over it! You will thank me in the long run.

ONE MORE THING:

This is "Step Seven," but I am telling you **here**, so you don't skip it!

We are the only trading service that provides you with nearly TEN hours every week of Live Training...watching our screens and charts, full two-way chat with our members and us...answering ALL questions in real-time.

If you are new to options or just have a ton of questions about trading, or you are experienced in some type of trading but need to get to the next level...join us on Tuesday mornings, Wednesday evenings and again on Saturday mornings. In these sessions we answer any and all questions,

review the markets in detail, review ongoing trade setups, discuss strategies...EVERYTHING YOU WANTED TO KNOW ABOUT OPTIONS BUT WERE AFRAID TO ASK.

ALL MASTERCLASS TRADING ROOM SESSIONS CAN BE ACCESSED THROUGH THE "MASTERCLASS TRADING ROOM" MODULE IN YOUR MEMBER LIBRARY.

And we record every session. So, in the Masterclass Trading Room module you will see a section called RECORDINGS. Check them out!

FULL SCHEDULE (all EST):*

Tuesday 11:30am to 1:00pm - Live Trading Session

Wednesday 8:00pm - 10:00pm - Michael's Live Trading Workshop

Saturday 9:15am - 10:00am "Tracker Talk w/Van"

Saturday 10:00am - 11:00am "New Traders Workshop"

Saturday 11:00am - 1:00pm Michael's Live Trading Workshop

***This schedule can change from week to week, so check your Masterclass alerts for updates.**

OK...now you can continue 😊

STEP THREE: It's time to dive into the Basic Video Training Library. This is an awesome Options Bootcamp...nothing unnecessary. Just exactly what you need. For experienced traders, you need it too! It will narrow your focus so you can get rid of the distractions, superfluous info and get back to the fundamentals of options trading. If you are just starting out with options, then you have come to the right place. After watching each video, think about what you have just learned...watch it again, if necessary, before going to the next. Step by step. This is how the course was designed. **Please don't jump ahead.**

The first objective of the MASTERCLASS is to make sure you have a solid options educational foundation AND you fully understand MY METHODOLOGY as you continue forward.

These videos are designed to be watched in order. Most of them are less than 20 minutes each. We suggest that you watch each video twice in a row before going on to the next. The first time you watch a video, do not take notes. Make sure you can see the entire screen...don't watch on a mobile device (although you can always revisit a video and listen to the audio on a phone or in your car to reinforce the concepts). Simply watch and listen and absorb the information on the first viewing. Then watch it again and write down only the "a-ha" moments that strike you. You should have 2-3 of these bullet notes per video. Only then should you move on to the next video in the sequence. I strongly suggest you use this method for every video/module you go through.

At the end of the Basic Options library, there is a chart setup video that will show you on Tradestation how to set up your charts just like mine. And another video that shows you how he sets up his "market internals" workspace.

DO YOU HAVE A BROKERAGE ACCOUNT SET UP YET?

We recommend TradeStation and I have been charting and trading with this setup/broker for nearly 8 years. Even if you currently have another broker, we still suggest that you open a FREE trading/sim/charting account with TradeStation. Every single video and live session, you will watch my charts, trade and answer questions using the TS workspaces...AND we have FREE indicators that will be game-changers for you and your trading...which are coded for TradeStation.

And lastly, we worked out a special TWMN deal with TradeStation, so you don't have to pay any monthly or annual fees...you only have to deposit \$500 minimum...and you don't have to trade it if you don't want to. Of course, if you are going to trade this account, then we recommend a minimum of \$2,500 starting amount so you can take spread trades...which we will explain later in the course!

*You will see in your TWMN Starting Point module, a section that says TRADESTATION UPDATE! That has all the current information on our exclusive deal with TradeStation.

If you have a TradeStation account already, you can still get our special commissions deal!!!

See next page for details >

CANADA ONLY (and countries where TradeStation does not offer brokerage services):

TradeStation does not at this time offer brokerage service in Canada, but we have arranged for an exclusive subscription to the TradeStation charting platform & sim account. It looks and feels exactly like a regular TradeStation account, you just can't place live trades. This is a great advantage even if you have another brokerage in Canada...so you can chart on TS, use our indicators...and even sim trade! The cost is only \$79/mo. Here is the link:

[Click here for Canada TradeStation subscription](#)

GET A TRADESTATION ACCOUNT

If you do not have a trading account or would like to open one up at TradeStation (where I do all my charting and trading), we have a special deal with them. See below:

Even if you have a TS account, you can still get our deal.

IMPORTANT: When filling out the app, make sure you ask for Level 3 approval, Equities account, not Futures...select calls/puts/vertical spreads, check off that you have minimum 2 years of experience (which our program is equivalent to), and to get Level 3 approval you will need to have a decent amount in the net and "liquid assets" box. You can include retirement income and any other assets in that box. We have seen that applicants with \$40K in liquid assets get approved. TradeStation will not ask for your tax returns, financial statements or any documentation.

HERE IS THE DEAL:

Trade With Me Now is proud to announce new special pricing at TradeStation! TWMN members now qualify for discounted options commissions of 40 cents per contract (additional 50 cents for index options) and no assignment fees. This offer is available for new and existing customers of TradeStation. Below are the instructions on how to get access to this new pricing with TradeStation!

New to TradeStation

If you're new to TradeStation open an account using the link below to take advantage of this new pricing. Pricing is applied the business day after your account is approved.

https://getstarted2.tradestation.com/intro?offer=0145AGIS&sales_rep=mlangle

Existing TradeStation Clients

Existing TradeStation clients can email clientservices@tradestation.com with the below information to get pricing applied. Please follow these instructions carefully to ensure timely pricing updates to your account(s).

Email sent to: clientservices@tradestation.com

Email Subject line: TWMN pricing update

Email Body: Please add offer code 0145AGIS to my equities account(s) for new TWMN pricing. My username is (insert username)

****Our special contact at TradeStation is Michael Langle >
mlangle@tradestation.com**

If you have any questions about your TradeStation application or account...or to check if your country has TradeStation brokerage services. This is now YOUR special contact inside TradeStation.

Before diving into Step Four, I suggest to the first video on the Basic Options Course (located as you scroll down through the TWMN Starting Point module)...and watch the first video...How To Read The Alerts.

STEP FOUR: The Trade Tracker Course includes our *Trade Tracker* worksheet and video. Download it now and watch the video. It is crucial that you have a game plan when you trade, a trading plan that you use as a daily playbook, and an efficient way to do two things: **TRACK OUR TRADES, AND TRACK THE TRADES THAT YOU ACTUALLY TAKE.** Our Masterclass program includes my daily trade alerts. You will read about that later in this document. But as you are going through our program, I suggest that you first understand the alerts, **DO NOT TRADE THEM YET**, but enter them into the *Trade Tracker*...entry and exit. Don't skip this step and start trading...that would be foolish. Even professional football players who join a new team show up for practice, drills, learn the new playbook, track their efforts with their coaches, get comfortable with the system **BEFORE** they go out on the field. They know football and know how to play...but because they are professionals, they are disciplined in their practice and preparation...you should be too.

STEP FIVE: Trading Plan Course is in my opinion, the "keys to the kingdom." You can't trade successfully...consistently...without a game plan. A quarterback doesn't play any game without a playbook and a script for the first 25 plays...This custom trading plan course will show you how to create a trading plan...for your first block of 20-25 trades.

So, the *Trade Tracker* will help you keep track and analyze your next 25 trades in alignment with your trading plan. You can then re-evaluate your plan, based on the results of the 20 trades. Just like a quarterback and his coach make half-time adjustments.

These two courses (Trade Tracker and Trading Plan) go hand-in-hand. They should be watched together, downloaded together and studied together along with the "Allocation" videos in the Advanced module. If you are new to trading, you won't know exactly what to do with my trading plan document...which is OK. You will come back to it and fill in

the areas of the trading plan that you understand. As you go through the Basic and Advanced videos, follow my trades, track them, and attend his LIVE TRADING sessions...you will begin to understand EVERYTHING that will become integral parts of your own personal plan. As we said previously, DO NOT TRADE THE ALERTS YET...but track the trading suggestion in your *Trade Tracker*.

STEP SIX: Understanding the alerts. You will receive our alerts & trade suggestions through the app in real-time as we are opening or closing the trades. Make sure you have your phone set up to receive notifications from our app.

I suggested earlier that you watch "How To Read The Alerts" which is the first video in the Basic Options course, but here are some samples of our format:

BUY +1 NET 15 MAY 20 125 CALL @1.25

Buying one May 15, 2020 125 Call Option for \$1.25 (\$125)

BUY +1 BFLY AAPL 19 JUN 20 280/300/320 CALL @.80

Buying one Butterfly Spread in AAPL. June 19, 2020 expiration. Buy one 280 call, sell two 300 calls, buy one 320 call. Total debit for fly is .80 or \$80.

SELL -1 VERTICAL NFLX 15 MAY 20 425/420 PUT @-.2.50

Selling a put credit spread in NFLX. May monthly expiration. We sell the 425 put and buy the 420 for protection. This is a vertical spread for a credit. We RECEIVE \$2.50 (\$250) when we initiate the trade.

BUY +1 VERTICAL AAPL 08 JULY 20 110/112 CALL @1.50

Buying a call debit spread on AAPL. July 8, 2020 expiration. We buy the 110 call and sell the 112 call for a debit of 1.50.

If you have any questions on the trade alerts, you can chat in the Masterclass Trading Room any time...there are always veteran TWMN members who will answer!

STEP SEVEN: We have a Live Training and Trading Room! If you are new to options or just have a ton of questions about trading, or you are experienced and are committed to learning our methodology, join our live sessions. Here is the schedule again:

FULL SCHEDULE (all EST):

Tuesday 11:30am to 1:00pm - Live Trading Session

Wednesday 8:00pm - 10:00pm - Michael's Live Trading Workshop

Saturday 9:15am - 10:00am "Tracker Talk w/Van"

Saturday 10:00am - 11:00am "New Traders Workshop"

Saturday 11:00am - 1:00pm Michael's Live Trading Workshop

STEP EIGHT: When you are finished with the entire BASIC OPTIONS video library, move on to the ADVANCED LIBRARY. They are crucial to watch only after you have completed the first Basic Video series. You will see the 321 LIFTOFF videos, VERTICALS, BUTTERFLIES **and the most crucial three videos of your training so far...Allocation and 70/40!** But don't skip around...do all of this in the order it was intended.

STEP NINE: After watching most of the videos and participating in the live sessions, you are ready to add the 321 Liftoff Indicator and RadarScreen, and the 6-Star Setup Indicator to your charts. THIS PART IS AWESOME FOR TRADESTATION USERS, which is why we suggest you open a Free account.

Go to the TWMN INDICATORS module. You will see instructions on how to get the indicators and install them. And webinars to show you how to use them. They are FREE and included in your Masterclass membership.

You will also see two of our Premium Indicators that you can purchase. The Market Weather Report Indicator...which is coded for TradeStation and is an amazing tool that combines ALL my charts and indicators for

the Market Weather Report into one single study. You can always create the charts and look at the market weather (as per the videos in TWMN MWR MASTERCLASS) but this indicator is incredible to have. The Earnings Report Indicator...also for TS, is an accurate earnings report grid plus an indicator chart that will help you trade earnings with confidence...there is nothing like it.

LAST WORDS...

- Take your time. There is no rush. Go through the program step-by-step. The goal is to get you trading as soon as possible, so don't sit on this...get started now.
- Once you have gone through Basic Options, Advanced Options, you have a trading plan, you have an allocation plan...you can simulate the alerts.
- Attend all the live sessions if you can, or watch the replays ASAP.
- BEFORE YOU DECIDE TO TRADE LIVE (and after you have begun to simulate trade) YOU MUST GO TO **THE NUGGET FARM**.
- These videos are the most impactful and game-changing videos in our entire program...hands down. They won't make much sense until you have completed everything else and have started to trade, analyze the charts, attended the live sessions.

THE COMPLETE ORDER OF OUR METHODOLOGY IS AT THE END OF THIS DOCUMENT: THE CHECKLIST!

If you have any questions, please email support@tradewithmenow.com and you will get a response typically within 24 hours.

IMPORTANT:* The text alerts you will be receiving are included with your MASTERCLASS. After your first 30 days (unless you have purchased the annual or semi-annual membership up front), you will need to decide if you want to continue your Masterclass membership. If you decide within the first 30 days, the Masterclass membership is only \$79/month. After your first 30 days, it is**

\$89/month. Check your email for the links within the first few weeks.

My hope is that we work together, and we will continue to make money together in the future. That is what TWMN NATION is...a community of traders that rely on each other and support each other in ways you probably have never experienced.

As mentioned, the full price of the alerts is regularly \$89 per month and no contract. You can cancel them at any time. **Within your first 30 days, you can get the \$79/month rate. If you choose to NOT continue after 30 days, simply email support@tradewithmenow.com and let us know, or you can do nothing...and your access will be turned off...but you are always welcome.**

You will see how being a member and receiving our alerts, market updates, full library of resources and over 10 hours per week of live instruction and trading... is worth a lot more than \$79. If I can teach you how to consistently put \$500 or \$1000 or \$5000 of profit into your trading account each month, would that be worth \$79??

Just my daily market analysis alone (that you get in your alerts every day) is worth \$2.63/day! You get my point.

If you have already upgraded to full time member (semi-annual or annual) when you purchased your MASTERCLASS...we are so glad to have you and appreciate your business. CTV, LEGACY and LEGACY ELITE are next for you!

Enjoy the trainings, the live sessions, the emails...and trade suggestions. I will see you in the next live session...or the next video!

Michael Love

CEO, Founder - Trade With Me Now

TWMN MASTERCLASS Checklist

(fill in the circles as they are completed)

- **START UP**

- I have logged into the library successfully
- I have logged into the Masterclass Trading Room to activate my alerts
- (IF YOU HAVE LEGACY) I have logged into the Legacy Room to confirm my Legacy alerts
- I have downloaded the app & synced the room/alerts
- I have printed out this entire document
- I watched Michael's 7-minute video in the TWMN MEMBERSHIP STARTING POINT > "Where Do I Begin?" section
- I have applied for a TradeStation brokerage account (Exclusive TWMN Commission program)
 - No monthly fees
 - \$.40 commission per options contract
 - Zero commissions for equities
 - Follow my charts, as I use TradeStation for ALL my videos and live sessions
 - Install my TWO FREE INDICATORS
 - Set up for DayTrading program and other indicators in the future
 - Canadian members (and outside US if TradeStation doesn't offer brokerage services to your country) can now have a \$79/month subscription (charting, sim trading, indicators)
- I have downloaded a *Trade Tracker* even though I have not started trading yet
- I am committed to entering EVERY trade suggestion that comes through the app into the *Trade Tracker*
- I am planning on attending all the live sessions
- I watched the TWMN Memberships & Programs video so I know what to expect going forward

- I watched How To Chat With Michael & Staff thru the TWMN App so I am utilizing the proper channels of communication. **PLEASE DO NOT MESSAGE MICHAEL IN THE APP FOR QUESTIONS OR ISSUE REGARDING MEMBERSHIP, TECHNICAL ISSUES, TRADESTATION, ETC. It is exclusively for real-time questions regarding trading.**

Nice work! Preparation, discipline, commitment, being teachable

- **BASIC OPTIONS MODULE**

- I logged into the member's area to access the courses
- I downloaded the eBook
- I completed the first section of the Basic Options Video Library: THE FUNDAMENTALS
- I completed the next section called: WHAT MOVES THE MARKETS
- I completed the next section called: The Finale!
- I loved the video "Putting It All Together" 😊
- I watched the last section of how to set up my charts

- **THE TRADE TRACKER COURSE**

- I downloaded the Trade Tracker
- I watched the Trade Tracker Video
- I am placing all Michael's alerts into the tracker even though I am not trading yet

- **THE TRADING PLAN COURSE**

- I downloaded the Trading Plan form and Michael's trading plan
- I watched the Trading Plan Video

- **ADVANCED OPTIONS LIBRARY**

- I have completed all the videos in the Advanced Options Library

- **I HAVE AN ACTIVE LEVEL 3 BROKERAGE ACCOUNT**

- **I HAVE INSTALLED THE 321 INDICATOR AND RADAR SCREENS AND SIX-STAR SETUP INDICATOR**
- **I checked out the Market Weather Report and Earnings Report Indicator and added this to my membership**
- **SIM TRADING**
- I have begun to SIM trade and am tracking my trades in the Trade Tracker
- I WILL NOT LIVE TRADE UNTIL I HAVE AT LEAST 15-25 SIM TRADES UNDER MY BELT
- **I am now ready to watch THE NUGGET FARM VIDEOS**
- **NUGGET FARM vids done! Sim trading done! Tracker and Trading Plan looking good...ready to go LIVE with confidence!**

One more page...

LAST ITEM TO CHECK

- **I am ready to become a full time TWMN member for just \$89 a month. (Or \$79/month if you renew within your first 30 days)**

HERE IS THE LINK TO GET OUR MONTHLY MEMBERSHIP AT A DISCOUNTED RATE OF \$79/month (Regular price \$89/month)

This is literally a “Price Action Mastery” program for life.

Click here: [Masterclass monthly @79/mo](#)

For \$2.63 a day...this is what you can expect:

Daily market updates and analysis to your phone

You will continue to get my trade suggestions...everything he trades, entry & exit and explanation

You will have access to support 7 days a week...and support from me directly regarding your trading

Tech support via the app whenever you need it

You will have access to the entire TWMN library

You will have access to the archives of EVERY live session of TWMN

You will have access to the Masterclass Trading Room for Live Trading and Training sessions all week long

Always get your questions about trading answered by a Master of Price Action!

All for less than a coffee a day at Starbucks!
